- Yes Unofficial College Transcript(s). Finalists may be required to submit official transcripts.
- Yes Goals and Experience – written summary (1 page maximum)
- Yes ASCE Section and Student Chapter Involvement – written summary (1 page maximum)
- Yes A letter of acceptance to or confirmation of enrollment in an accredited college of engineering (BSU, BYU - Idaho, or ISU) and one letter of recommendation are required with the letter from a BSU, CSI, CWI, BYU - Idaho, or ISU Faculty Member or from a Registered Professional Engineer.
- Yes CSI and CWI only - a letter of acceptance to a four-year degree granting institution.

Applicant Signature _____

Date _____

SCHOLARSHIP INFORMATION

The Southern Idaho Section of the American Society of Civil Engineers (ASCE) has established a scholarship program for Civil Engineering students currently enrolled in the Civil Engineering curriculum at Boise State University, the College of Southern Idaho, the College of Western Idaho, Brigham Young University - Idaho, or Idaho State University.

Applications must be received by the Scholarship Chairperson on or before January 24, 2025. The name of the recipients of the Scholarship will be announced during the Section meeting on February 19, 2025; however, the winner might be notified prior to that date.

PURPOSE

The Scholarship Program was established to recognize, encourage, and assist promising students who have expressed interest in pursuing a career in the field of Civil Engineering and to recognize students who have been active in ASCE Section and Student Chapter activities.

SCHOLARSHIP AMOUNT

The ASCE Southern Idaho Section anticipates awarding 1 scholarship. The amount of the scholarship will be \$1,000.

ELIGIBILITY

To be eligible for the Scholarship, candidates must currently be enrolled in good standing at BSU, BYU – Idaho, or ISU as a Civil Engineering student, or enrolled in good standing at CSI or CWI and working towards an Associate of Engineering degree in Civil Engineering. The candidate must have successfully completed at least 24 credit hours towards their declared degree and must have more than 24 credit hours remaining to complete the Civil Engineering degree.

In addition, the candidate must be a member of ASCE and actively participate in one of the following student chapters or clubs; 1) BSU – ASCE Student Chapter, 2) the CSI STEM Club, 3) the BYU – Idaho Student Chapter of ASCE or 4) the ISU Student Chapter of ASCE.

Candidates from CSI and CWI must also include a letter of acceptance from a four-year Civil Engineering degree granting institution.

Any given student may only be awarded a scholarship a maximum of 2 times.

APPLICATION

The Scholarship application shall contain the following information:

1. A fully completed Scholarship application form.
2. An unofficial copy of your college transcript. Finalists may be required to provide an official transcript.
3. Two written summaries, each up to one page in length (300-400 words). The first summary shall address your life experiences and career goals. The second summary shall address your past involvement with ASCE Section and Student Chapter activities.
4. One letter of recommendation from a college faculty member or Registered Professional Engineer, and a letter of acceptance to or confirmation of enrollment in the college of engineering at either BSU, BYU – Idaho, or ISU.

APPLICATION EVALUATION AND SELECTION

Applications submitted by candidates will be evaluated by the Scholarship Committee. Initial ranking of

finalist selection(s) will be based on comparisons of all applicant's total awarded scores from three categories in the preliminary scoring phase, with a total of 100 points available in that phase. At the Committee's option, finalists may be asked to participate in an interview, with an additional 100 points available.

Preliminary Scoring Phase

Grade Point Average		25 Points Maximum
All college classes	(7 points)	
Engineering classes	(18 points)	
Written Summaries		65 Points Maximum
Goals	(25 points)	
Experience	(10 points)	
ASCE or Engineering Club Involvement	(20 points)	
Community Involvement related to profession	(10 points)	
<u>Letter of Recommendation</u>		<u>10 Points Maximum</u>
Total Preliminary Points Available		100 Points Maximum

Final Phase Scoring

<u>Interview¹</u>	<u>100 Points Maximum</u>
Total Points Available	200 Points Maximum

(1) After receipt of applications, the Committee will decide whether the interview phase will be conducted. Candidates may be asked to participate in a personal interview or telephone conference call with the Committee. The interview may be carried out by designated representatives of the Committee if dictated by time constraints.

The selection made by the Committee shall be final.
