GREETINGS!

Halloween, or All Hallows’ Eve precedes All Saints’ Day, All Souls’ Day, and Día de Los Muertos in many Christian traditions. No matter the culture, it is a time to remember those that have died. Too many of them are being remembered because they lost the fight with tuberculosis. Would you take a few moments to honor those dead by taking an action to help #EndTB? You can call and leave a message with your Representative and two Senators (see the DC Update below), you can write a letter to the editor of your local media outlet calling for more funding to #EndTB (there is a great example in the TB in the News section below!). You can nominate yourself or a colleague to be the next Secretary or Chair-Elect of Stop TB USA (see job descriptions here).

DC UPDATE

Contact your Senators and Representatives to co-sponsor the Comprehensive TB Elimination Act of 2021!

The Comprehensive TB Elimination Act of 2021 has now been reintroduced in both the Senate and in the House of Representatives. This reauthorizing bill is meant to fund domestic TB programs and focus TB elimination and research resources on priority populations in the US. Please read more about the legislature here and here; join the effort to gain cosponsors for the bill by contacting your senators and representatives. A sample script and instructions can be found on our website.

Ask your Members of Congress to cosponsor the End Tuberculosis Now Act of 2022 (S. 3386/H.R. 8654)

This bipartisan legislation encourages domestic agencies to align TB control efforts in the United States with global efforts and actions. The End TB Now Act will prioritize U.S. tuberculosis response to target the diagnosis and treatment of adults and children with TB and to prevent new TB infections in countries with high burdens of TB. TB anywhere is TB everywhere - domestic and international efforts must work collaboratively to #EndTB. View the full legislation here, a fact sheet from RESULTS here, and a one-page factsheet here. Learn how on our website!

ANNOUNCEMENTS

Stop TB USA will be holding elections for Chair-Elect and Secretary positions. Please submit your nominations via this link. Nominees need not be current Coordinating Board members or Stop TB USA members, and self-nominations are accepted!

Stop TB Partnership Launches 2022 Kochon Prize Call for Nominations. Nominations will be accepted until November 18th, 2022.

Public consultation on the draft WHO guidance for community and civil society engagement to end TB. Feedback will be accepted until November 7th, 2022.
