DESCRIPTION: In 1969 Ben Pearson introduced a nice high quality line of "H" Series bows: the H-30, H-52, H-70 and H-90. The H series of recurves featured higher-end treatments such as contrasting laminate risers, beveled arrow shelves, and dual-sided tip overlays. This is a fairly rare bow in that the H-90 was produced only one year. This H-90 is still in great shape. Bow has no delamination; no cracks; limbs are straight. Double-sided overlay tips. Beveled arrow shelf. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No crazing; a couple of very faint stress lines in the riser fade-outs. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is a really nice bow in excellent condition for its age.
