

PGF Carpet & Floor Care

Professional Cleaners of Fine Fabrics and Carpet

How To Prepare For Your Commercial Cleaning

1. Please pick up things around your desk such as waste basket, filling boxes, chair mats, Knickknacks and any breakables.
2. Walk on carpet at your own risk until completely dry. Floors may be slippery when wet, please advise all occupants of this hazard.
3. Please keep caution signs (provided) where carpet meets hard surfaces until completely dry.
4. To prevent mildew, rust, or wood stains do not put anything back on the carpet until it is completely dry (normal drying time is 4 to 5 hours)

Our Mission: **To provide you with the Best Extraordinary Experience that you will never forget!**
