We encourage you to attend our annual Christmas Holiday Party on December 13. And you are also welcome to bring any potential members!

For the last several years, Ginny Wisley has graciously opened her home and hosted this wonderful, fun-filled event. It's a time to mingle, have some great food and drinks, and enjoy the moment!

On this day Judge Amador also attends for a short time and swears in the new Board Members.

There is no charge for this party! We ask that members bring an appetizer to share with the group. Board members will bring the desserts.

Once again we will be donating new, unwrapped gifts to Military Outreach Ministry. We have become one of their biggest supporters in San Diego and they always are so grateful for our donations!

This party takes the place of our regular monthly luncheon.

Please RSVP to Ginny (see info on flyer).

## CAMPAIGN PRECINCT—Waskah Whelan

So, what do we do now? The big red wave didn't come, only a few smaller reddish waves appeared.

Well, if they hadn't we would not have taken the House. People say... but it was only by the thinnest of margins. It doesn't matter...we took it. We took it and now can use it to stop things such as the money to hire 87,000 new IRS Agents.

When talking to possible voters in the coming year...this is not the time to try and win arguments. This is a time to plant seeds and answer questions. We aren't trying to drive people away. We're trying to wake them up to the fact that they're being lied to on a daily basis by government, corporate media, Big Pharma and their own doctors. They're being lied to by their leftist friends and relatives.

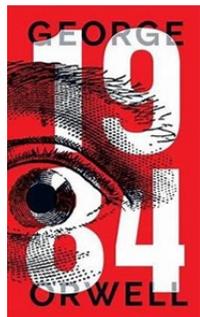

However, we don't have to convince them that we are right. We just need to create doubt in their views. Let's be there to help them come to understand that stopping ambulances on their way to the hospital in honor of climate change is not helping anything.

Control of everything by government is no way to live. Do they really want the government to be able to turn their thermostats off during hot, hot summers and cold winters? I doubt it.

Do they want to be subjected to a social score coming from the Great Reset Plan that is based on what you eat, what you drive, and that will determine if you can travel, use banks, see a doctor, have credit cards or buy certain products?

Please come to our meetings this year and help us give our elected representatives the business.

Food For Thought.....

In light of all the records and information that has been changed or altered to fit the far left Marxist New World Order and all the information that has been labeled as "misinformation" if it doesn't agree with the Left's views and all the statues that have been torn down, the names of buildings that have been altered, government documents that have been changed and books that have been banned...we need to be reminded of the words of George Orwell in the novel and cautionary tale he published in 1949.

*Every record has been destroyed or falsified, every book has been rewritten, every picture has been repainted, every statue and street and building has been renamed, every date has been altered. And that process is continuing day by day and minute by minute. History has stopped. Nothing exists except an endless present in which the Party is always right.*

~ George Orwell, *Nineteen Eighty-Four*

**WAYS AND MEANS —Diane Randolph**

December is my last month as your Way & Means chairman and I wanted to say thanks for making my time doing this job a real pleasure. A lot of you have volunteered your time, most of you have donated items for our different events and just about all of you bought items or opportunity tickets....you are the best and much appreciated.

Our November Holiday road show was a success and netted the club \$255.50. Again thank you and see you all at the Christmas party.

**DECEMBER 2022**

*"For unto us a child is born, to us a son is given... and he will be called Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace."  
Isaiah 9:6*

The Advent Season has started. We are now into the time that we prepare our hearts & minds to connect with the of the coming of the Newborn King. It should also be the time that we quiet our hearts & minds in preparation. To follow that thought, one of my favorite Christian artist/illustrators/writers, Suzy Toronto, for her November calendar page did a thought about the technological world versus the real world.

Her thoughts were that we should be thankful for bad cellular service: turn off the computer, the phone, the tablet. Keep them off for forty-eight hours. No texting, no scrolling, no memes, no likes, no ha-ha, no cute emojis, just you & the quiet. The quiet anticipation of the Birth of Lord.

Suzy is right, living in this world is what the Lord wants & has wanted us to always do. Celebrate Him, not the tech, good as it is. Celebrate Life, not keyboards. Celebrate Christmas & Hannukah or whatever winter holiday brings your family together not the devices that stare at that keep you apart in the same room.

Merry Christmas & God Bless Us, Everyone!
