

On Sunday, February 3, 2019, while most people were spending the afternoon preparing for the Super Bowl, the Newark and Marblatown Fire Departments were busy fighting an attic fire at 5448 Wood Lane in the Town of Arcadia. A neighbor walking by had noticed smoke coming from a gable. The investigative report is still pending, but the suspected cause of the fire is an electrical issue with a ceiling light. Thankfully, there was no one home at the time of the incident and no firefighters were injured.
