

A-Series Roof Deck

- Designed in accordance with the following safety regulations: OSHA, ASA, ANSI, NFPA, AS1657-2003
- Designed for uniform transitions from the A-Series Roof Stair to the A-Series Roof Deck
- 3 size ranges allow for placement anywhere on the roof from a 12' OD circle to a straight line for accessing a building roof
- Flat deck allows for level walking surface on 30° - 40° roof pitch
- One section of deck adds 1' to outside diameter

A-Series Roof Deck

- Design allows an offset from the upper flight of stairs to the lower flight of stairs
- Can be used at peak to access peak hatch or mid roof to access vents or powered exhausters
- Mounts directly to the roof rib
- Mounted on a continuous ring
- 1 ½" tube handrail with smashed ends make for a secure and stable grip
