

# Natural Daylight Solutions Ltd

## NDS Ultra Dome

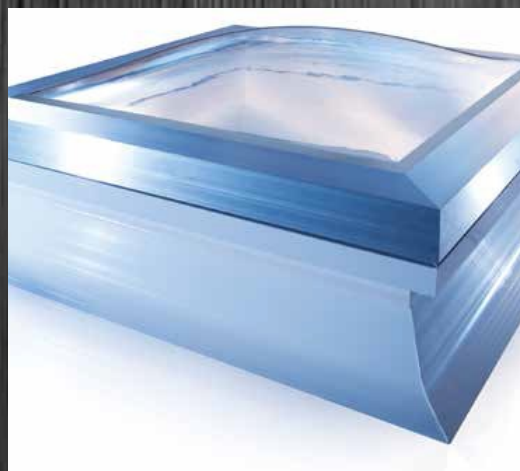

The NDS Ultra Dome is architecturally inspired to deliver maximum security with an aluminium frame creating a contemporary finish. These units have tamper-proof fixings concealed under the aluminium frame. With a secret lock system which can only be opened with the Ultra security key.

The aluminium frame is supplied as standard in a silver anodised finish, Powder coated to a Standard RAL colour is an optional extra cost.

Glazed with a low rise dome or pyramid shaped polycarbonate.
