Waiting on the ground to dry to start with the installation of the gravel for compaction test before the asphalt. Mr. Weathers stated that he would be checking the next day to determine if there is still water in the dirt. If so he will be removing material and start with the rock. This process should be completed by the Council meeting on July 9th, Water, Sewer and Fire Department are satisfied with the water, sewer and fire hydrants. The street that is named Kasi Court is not acceptable due to the similarity to Kasi Cove. This causes problems for 911 calls. Mr. Weathers ask if there was any way to allow the name to stay the same.
