

SUPPLY LIST-Free Motion Quilting on Your Domestic Machine-Linda Glueckert
Contact Linda with questions pl.glueckert@gmail.com or 701-240-7247
SKILL LEVEL: Intermediate

For this class you will need the following items:

Sewing machine and general sewing supplies

Extra lighting may be helpful

Extension table for your machine, if you have one

Dry erase markers

4 Quilt sandwiches, approximately 16" x 16", ready for practicing... The fabric should be light in color, and solid. (A quilt "sandwich" is 2 layers of fabric with batting between) This is small enough that it should not need to be basted, but you can baste them if you want.

Thread – this is just practice, so the color is not important. A matching color thread will hide mistakes, whereas contrasting color will make it easier for you to see what is going on.

Supreme Slider, if you have one

Your favorite form of fabric gripper... (gloves, finger tips, jar grippers) These make it easier to control the fabric. (For practice, fabric sandwiches are small enough that the grippers are not necessary, but they do help control the fabric, and help reduce strain on your hands. Grippers are a must for larger quilts.)

You need to know how to set your machine for free motion quilting, and have it set and ready to go before class starts. I will not have time to help you set up your machine. If you do not have a free motion setting, a darning setting will work.
