Drowning is the second leading cause of death in kids ages 2-14 and 60% of drownings happen within just 10 feet of safety. That's unacceptable to us. We teach life-saving skills in order to lower those statistics.

## **TEACHING SKILLS THAT SAVE LIVES**

### **DID YOU KNOW?**

- According to the CDC drowning is the leading cause of death for children ages 1-4 and the second leading cause of death for children ages 5-14
- Children from lower income families are 5x more likely to drown.
- 60% of children who drown are within 10 feet of safety.
- 88% of children who drown do so under adult supervision.
- 60% of youth drownings occur in 10 feet of water.

### **DROWNING IS PREVENTABLE.**
