Unparalleled excellence in medical education -- ACLES

ACLES programs are medical educational experiences like no other! You'll find no other courses in foot and ankle surgery that compare with the high-level collegial experience ACLES meetings provide. You'll train and consult with the nation's leading educators and practitioners of lower extremity medicine and surgery in a relaxed, intimate environment that promotes engagement between presenters and attendees.

This program features regular opportunity for one-on-one learning in structured lecture sessions, discussions, and workshops. Course content addresses every aspect of lower extremity surgery, from diagnosis to post-operative care. The wide-ranging content enables experienced professionals to stay current with trends and developments in the field, and allows most physicians to acquire their annual requisite CME credits.

Who should attend?

- Podiatrists
- Surgeons
- Orthopedic
- Osteopaths

...who perform surgery of the foot, ankle or leg, their support teams, and other allied professionals with an interest in lower extremity surgery.

MICHAEL E. DEMI, RN, CPC, CHC, CPMA, CSFAC is a senior consultant with Medical Compliance Associates, Inc., a Jacksonville, Florida based medical billing, coding, and documentation consulting firm. Prior to joining the firm in 2015, Mike was a registered critical care nurse in the University of Florida health system in Jacksonville. He brings valuable clinical insight from his time working in the trauma surgery and cardiac units at a 750-bed hospital. Mike is a Certified Professional Coder (CPC), Certified Medical Auditor (CPMA), and Certified Surgical Foot and Ankle Coder (CSFAC) through the American Academy of Professional Coders. Mike is also certified in Healthcare Compliance (CHC) through the Health Care Compliance Association and is a member of the American Association of Critical Care Nurses and the Association of Certified Fraud Examiners.

G. "DOCK" DOCKERY, DPM, FACFAS, is a Fellow and Past Board of Director of the American College of Foot & Ankle Surgeons. He is a Fellow of the American Society of Foot & Ankle Dermatology, the American College of Podiatric Medicine and the American College of Foot and Ankle Pediatrics. Dr. Dockery is Board Certified in Foot and Ankle Surgery by the American Board of Foot & Ankle Surgery and is Board Certified in Podiatric Orthopedics by the American Board of Podiatric Medicine. He is a Distinguished Practitioner in the Podiatric Medicine and Surgery Division of the National Academies of Practice. He was voted "One of America's 175 Most Influential Podiatrist" of 2006 and voted as "Movers and Shakers: America's Most Influential Podiatrists" in 2012, by the Podiatry Management Magazine Editors & Advisors. He has published more than 152 scientific articles in peer-reviewed medical journals and he founded the International Foot & Ankle Foundation for Education and Research in 1979 and is currently the Chairman of the Board and the Director of Scientific Affairs of that organization.

EDWARD S. GLASER, DPM is a dynamic lecturer and researcher in Foot Biomechanics. He studied mechanical engineering at SUNY Stonybrook and received his doctorate in podiatric medicine at the New York College of Podiatric Medicine. Although not a common path for a podiatrist, it turned out to be the right exposure for a future foot biomechanistic. Dr. Glaser developed a thriving practice over thirteen years and then chose to walk away from that success to challenge orthopedic conventions with his revolutionary MASS Posture Theory. 30 years and over a Million Pairs of Orthotics later, Dr. Glaser has made his life's mission a reality with Sole Supports: 'We make people better'.

STEVEN R. KRAVITZ, DPM, FAPWHc, FACFAS is a Diplomate of the American Board of Foot and Ankle Surgery and the American Board of Podiatric Medicine. He is also a Fellow of the American College of Foot and Ankle Surgeons, and Certified in Wound Healing by the Council for Medical Education and Testing. He is the Founder and President of the Academy of Physicians in Wound Healing (APWH) and the Council for Medical Education and Testing (CMET). He is an Assistant Professor for the Advanced Wound Healing Center, Temple University School of Podiatric Medicine where he has served continuously as faculty for 35 years. He continues to do research and author multiple articles; he is an internationally known speaker on wound healing and related topics.
