

TOWN SPECIFIC COVID GUIDELINES

If a town is NOT listed below, we follow the EEA & USA Guidelines located on the NVSUA website at the top of the RULES page.

MARLBORO

Updated COVID-19 Guidelines for Face Coverings

While playing in the field, participants do not need to wear a mask. All batters and the catcher must wear a mask at all times though. Participants must wear facial coverings on the bench, sidelines, at all times and in any huddles or time-outs from active play. This requirement applies to all spectators and chaperones, coaches, staff, referees, umpires, and other officials.

Spectators are allowed for adult and youth games but must maintain 6ft of distance from other people not in the same household and must be wearing face coverings at all times.
