 A "Home-Away-From-Home" For The Ultimate Lavish Experience!**

"When my clients come to LA, they all kept saying they wanted to stay in a Diva Rocker Glam residence, with the lush furnishings from my showroom, or like the environments that I had created for them at their residences. That is what got me thinking. So, I asked how much they paid at the hotels where they stayed, and was shocked at the daily rates. My clients from princes, to music icons, business moguls and studio executives; they pay top dollar to stay in hotels with NO privacy. Everytime they go some place or have guests to their room or want to dine out, everyone in the hotel knows about it. They all hated that intense invasion of their privacy and the attention and exposure limited their ability to enjoy themselves. I thought — why not offer resort Diva Rocker Glam accommodations that provide luxurious furnishings, amenities and the ultimate in privacy."

Several months ago, Cindy went real estate shopping for fabulous homes, penthouses and luxury apartments she could turn into dream-come-true accommodations for her clients. Her mission: Find unsurpassed accommodations that can — with Diva Rocker Glam furnishings — provide the consummate in glamour, city views, amenities, proxim-

ity to A-list shopping and entertainment and high-end living whether it's for one night, one month or one year.

"A hotel can't offer the personalized service and customized package of concierge amenities I can. I offer a personal touch dictated by the requests of clients from decor to food preferences, to grand pianos, large screen televisions and, professional speaker systems. I also help with requests for accommodations to A-list events, awards shows, and opening night galas for numerous Hollywood functions. While clients are staying in my

residences it is all about them and what they love and what they need and what they want. I love to dream with my clients and I bring to them everything they ever wished for in grand home design."

The Diva Rocker Glam showroom is a revolving door of the super-rich and highly visible crowd. The lifestyle that the furniture and accessories offer clients is unmatched in luxury and superior design excellence. The latest VIP to stop Sunset traffic was Miley Cyrus who walked in looking for the perfect accessory and walked out with an eight foot horse! A Saudi princess closed the showroom to shop undisturbed amid the glam collectibles.

"I'm thrilled with the response to my residences. As owner of the company, I have the advantage to do whatever I want. To be as outrageous as my clients want. To create their dream-come-true whether it's for an LA get-a-way to relax, or work, or for their homes." **EW**
