

SAM QUILT DESIGNS

RULER BAG SUPPLY LIST

Designed by Anne Marcellis

Finished size: 12" x 20 1/2"

Quilting Bees (Oct. 23, 2025)

Do you struggle with juggling multiple smaller rulers when you go to classes or retreats and worry they may get damaged? Here's the bag for you. This bag is padded for protection with or without handles. You'll find there are no raw edges and easy zipper opening that can hold up to 18" rulers. Add the 24" extension pattern for more safety.

SUPPLIES

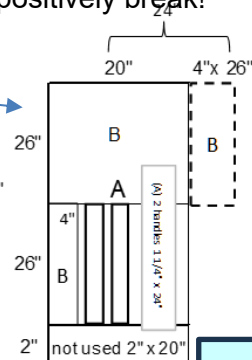

- Pattern: \$10
 - Sewing machine able to move needle left/right
 - Iron
 - Schmetz Microtex 90/14 sewing machine needles
 - 6 1/2" x 24" and 6" or 6 1/2" x 12" rulers
 - Zipper foot, piecing foot, walking or free motion foot
 - Matching or contrasting thread
 - Wonder clips
 - Dritz Wash Away Wonder Tape
 - Spray starch and fabric glue stick
 - 30" YKK 4.5mm Double slide handbag zipper [Amazon-Consider buying with others as you can't buy just 1]
- NOTE:** Sports zipper cannot be easily sewn over the teeth. Your needle will positively break!
- Pellon FF78F1 Flex foam 1-sided fusible (comes 20" wide) 1 1/2 yards

IMPORTANT: Press all fabric with spray starch, BEFORE cutting any fabric. Spray back and iron front of fabric. I have seen fabric shrink slightly after cutting, which means the cut sizes are not accurate. If you haven't used starch, you'll love how much easier fabric is to cut, sew & press. Try Faultless Premium Luxe Spray Starch or Faultless Heavy Hold. It is less expensive than Best Press. Try it!

A = Handles (2) 1 1/4" x 24"

B = Outer bag 18" x 26", 4" x 26"

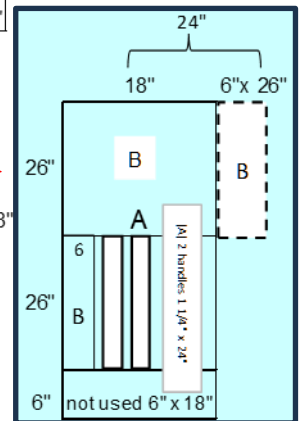

OR -Annie's Soft and Stable foam (1 package 18" x 58")

OR Bosal In R Form Plus Unique Fusible Foam Stabilizer (1 package 18" x 58")

FABRIC (Cotton) -Press all fabric with spray starch before cutting)

- Outer: 3/4 yard Cut (1) 24" x 26"
- Lining: 3/4 yard Cut (1) 22" x 24", (1) 3 1/4" x 12 1/2" inside binding, (4) 2" x 4" zipper tabs
- Handles (optional) 1/2 yard: From lining cut (2) 6" x 24"

TO DO BEFORE CLASS

1. Starch fabric IDEA: wrap on empty fabric bolt
2. Do NOT starch jelly rolls
3. Cut foam per diagram
4. Clean your sewing machine
5. New needle in machine

NOTE: Please arrive at least 15 minutes before class time for setup

Without handles

This is a plastic zipper but looks like metal-easy to sew over
