Standard Tilt & Lift Cords

# WILD ABOUT WOOD

*With their old-world grace and new-school sustainability, wood blinds define a room. Chosen for their inherent appeal and durability, our premium hardwoods are hand-crafted to retain their beautiful natural grain. An investment? Sure. In your well-being.*

## WHY WOOD BLINDS?

Nothing says luxury more than natural, gleaming wood.

- Timeless style with an heirloom aura.
- Choose from smooth-finish paints and stains or the texture of a wire-brush finish.
- Equally beautiful from inside your home or from the street.
- Natural insulating qualities of wood mean they're innately energy-friendly.

### Pro Tip

*Control tilt from afar with Motorization*

## IDEAL FOR...

- Providing elegant privacy.
- Infusing a traditional touch to a transitional look.
- Wide or side-by-side windows where two or three blinds can combine on one continuous headrail.
- Additional texture with the option of contrasting tape for more light control and even more style.

WOOD BLINDS:

**SMOOTH FINISH** | RICH WALNUT W2-133

Standard Tilt & Lift Cords

# DESIGN 101

*We've made customizing your blind so easy, you may moonlight as a designer. Choose slat size for privacy and view, motorization for ease and safety, and even valance design for that finishing touch. The result? A unique blind that will cause your friends to ask for free advice.*

WOOD BLINDS:

**COASTAL** | SAILCLOTH WBR-800  
Standard Tilt & Lift Cords

## SLAT SIZES

*1 3/8" Slat Size*

Provides more view-through, with less stack, than 1" blinds.

*2" Standard Slat Size*

Ideal for any size window.

*2 3/8" Slat Size*

Larger scale offers optimal view-through and a more dramatic look.

## CORDLESS OPTIONS

Battery-powered motorized system tilts blinds open and closed with the touch of a button. Just right for hard-to-reach windows or for light and privacy control on command.

*Available with cordless lift and standard cordlock.*

Blinds lift and lower with a light push or pull on the bottomrail. Cordless lift provides enhanced safety in the home.

*Available on all slat sizes.*

Press a button on the color-coordinated aluminum bottomrail to lift and lower blinds. Release the button to lock blinds into place. Convenient and easy to use - enhances safety in the home.

*Available on 2" and 2<sup>3</sup>/<sub>8</sub>" slats only. Meets safety certification when used with wand tilt.*

## CORDED OPTIONS

Adjusts the slats open or closed with a simple twist. *Meets safety certification only when used with Cordless Lift & Lock.*

Blinds tilt open or closed by pulling on the cord tilt control. Lift cord features a break-away stop ball for added safety in homes with children.

We proudly carry the “Best for Kids” designation, certifying tough independent laboratory testing.

*View how the push of a button allows you to lock your wood blind in any position.*

## MOUNTING OPTIONS

*Outside Mount*

## DESIGN OPTIONS

### STANDARD ROUTE HOLES

Lift cords pass through holes in slats, the most common slat design.

### LIGHTSOUT ROUTELESS

Optional routeless slats eliminate route holes to reduce incoming light, increase privacy and enhance the aesthetics of the blinds.

### DECORATIVE TAPES

Solid or decorative tapes provide a graceful accent to the blinds as well as cover route holes for increased light control and privacy. Add to the decorative valance to complete the look.

### 2-ON-1 & 3-ON-1 HEADRAILS

Two or three blinds are combined on one long headrail for flexible light control and beautiful unity. Looks like one blind, acts like two or three. Ideal for side-by-side windows or large expanses.

## WOOD VALANCE OPTIONS

### 3" DECORATIVE (STANDARD)

Complements any décor.

### 3" CRESCENT (OPTIONAL)

Sleek and contemporary for a modern room.

### 3" MODERN (OPTIONAL)

For simple, yet elegant styling.

### 4" FORTE (UPGRADE)

Large profile valance lends drama and makes a bolder statement.

### DECORATIVE TAPE VALANCE

Add tape to the decorative valance at the top of your windows and blend it with the rest of your décor.

### KEYSTONE

Designed to cover splices in oversized valances or to use as a decorative accent.

WOOD BLINDS:

**SMOOTH FINISH** | SNOW WHITE W2-296

Cordless Lift & Lock with Wand Tilt

# // Faux Wood Blinds

FAUX WOOD BLINDS:

**POLYMER** | S901

Standard Lift Cords with Wand Tilt

# FABULOUSLY FAUX

*Only you'll know it's faux and we certainly won't tell. Our new style of "printed grain" is as classic as 15th century trompe l'oeil ("fool the eye") with 21st century benefits. Moisture resistant, durable, and economical. Is there anything else? Oh, yes. Beautiful.*

## WHY FAUX WOOD BLINDS?

Alternative wood with real style.

- Keeps costs – not style – in check.
- Low maintenance + high durability = long-term ease.
- The look of wood with the care-free upkeep of vinyl.

## IDEAL FOR...

- Kitchens, bathrooms, and laundry rooms.
- Rooms that work hard, play hard and need a sturdy partner.
- Modern design, modern functionality, timeless affordability.

# // Faux Wood Blinds

## COMMAND CENTRAL

*With our expertise and your style, you're guaranteed to impact your room - not your budget.*

### SLAT SIZES

*2" Slat Size*

Ideal for any size window.

*2 1/2" Slat Size*
