

There Will Never Be A Better Time

NOW

N O W

NOW is better.

We run faster.
We swim faster.
We jump higher.
We heave further.
We lift more.
We outdo every record of human achievement.

We have more leisure.
We twiddle our thumbs more.

We watch more television.

We make more money.
We have more banks.
We have a bigger national debt.
We possess more things.
We pay more for garbage.

We have more sex.
We have more abortions.
We have more divorces.
We have more police.
We commit more murders, rapes and robberies.

We generate more power.
We consume more power.
We make bigger bombs.
We have more nuclear warheads.

We throw more bull.

We will not be forgotten.

NOW is definitely better.
