EASEMENT FOR ELECTRIC AND TELEPHONE UTILITIES
The space outlined by dashed lines and marked "electric and telephone easement" are hereby reserved as easements for electric and telephone utility purposes, which include: (1) the right of ingress and egress over all lots to and from the easements; (2) the right to cut down or trim any trees within the easement; (3) the right to cut down or trim any trees outside the easement within 10' of the closest conductor within the easement or public way; (4) the right to cut down or trim any trees on private property that may be so defective as to present a hazard to the utility lines after reasonable notice to property owner; (5) the right to any utility company using said easement to remove obstacles within the easement. No permanent structures shall be erected within the easement. Fences, shrubbery and gardens may occupy easement at property owner's risk. The developer is to remove all trees that may interfere with the original construction of the electric lines and telephone lines to serve this subdivision.

(A) All property owners electric utility service lines shall be underground at locations designated by Louisville Gas and Electric Company (L.G. & E.'s termination point throughout length of service lines to customers building); and title thereto shall remain in, and the cost of the installation and maintenance thereof shall be borne individually by the respective lot owner upon which the said service lines are located.

Appropriate easements are hereby dedicated and reserved to each property owner, together with the right to ingress and egress abutting lots or properties to install, operate and maintain electric service lines to L.G. & E.'s termination points. Electric service lines, as installed shall determine the exact location of said easement.

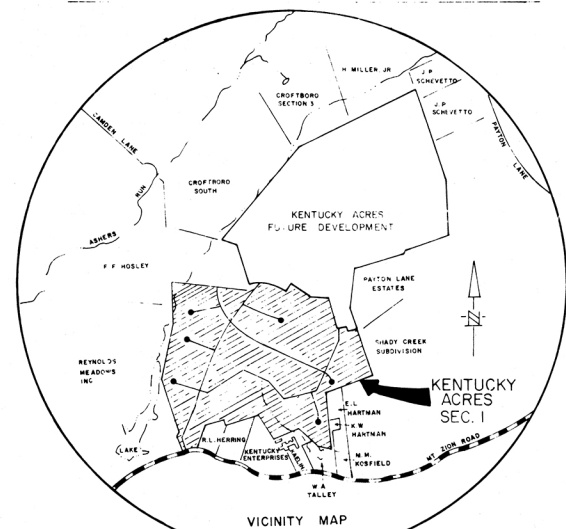

(B) The electric and telephone easements shown on this plat shall be maintained and preserved in their present condition and no encroachment therein and no change in the grade or elevation thereof shall be made by any person or lot owner without the consent in writing of the Louisville Gas and Electric Company and South Central Bell Telephone Company.

(C) Easements for overhead electric transmission and distribution feeder lines poles and equipment appropriate in connection therewith are reserved over, across and under all spaces (including park, open and drainage space areas), outlined by dashed lines and designated for overhead and underground facilities.
Above ground electric transformers and pedestals may be installed at appropriate points in any electric easement.

In consideration of L.G. & E. bringing service to the property shown on this plat, it is granted the right to make further extensions of its lines for all overhead and underground distribution lines.

NOTE: Also, the right to overhang lots with service wires to serve adjoining lots.
