Tax Abatement Program

The city of Austin, Mower County and School District #492 have partnered to promote new construction of single- and multi-family homes by offering a five-year property tax abatement of any increased valuation. **This project runs August 1, 2016 through December 31, 2022.** Residents and property developers can take advantage of this adopted policy during this limited time frame to abate taxes, for five years, on 100% of any new construction value. Contact Taggart Medgaarden, Austin HRA, for more information: 507-433-1866 or taggart@austinhra.org, or see austinhra.org.
