Dear Friends of Westchester Corvette Association,

Thank you for your hard work and commitment to Guiding Eyes and fundraising efforts to raise \$497.50. Your gift was received on June 15, 2022 and will create and support life-changing connections between people who are blind and guide dogs, completely free of charge. In total, with cash gifts received on the day of your car show, your efforts raised more than \$1,000 in support of our programs – thank you!

The impact of your generosity makes a world of difference for people like Lisa, a retired professor of Veterinary Medicine and long-time Guiding Eyes graduate. She shares: “I attribute each of my guide dogs to keeping me safe and active. I walk much more quickly and freely with my dog. Vision and hearing loss can be very isolating conditions. People are naturally drawn to dogs; therefore, Susie helps keep me socially connected to other people.”

“My vision has deteriorated over time, but I feel each of my guide dogs has been better than the previous one. After just three weeks, my bond with Susie is very strong! Aside from the support I get from my dogs for my vision loss, the bond between a human and a dog has countless benefits.”

A simple “thank you” doesn’t do justice to how deeply we appreciate your support of our mission. If you have any questions at all, please contact me directly at 914-243-2211 or rcross@guidingeyes.org.

Sincerely,

Rebekah Cross
