

Gifted Child Committee Report

April 2017

Chair Lang Lin (pta.langlin@gmail.com)
Vice-Chair Kim Testa (kgtesta@aol.com)
 Iris Masucci (ri@robertandiris.com)

EVENTS:

4/4 Iris participated in MCCPTA BOD meeting.

4/25 Lang attended MCCPTA special board meeting.

4/26 Kim, Iris, and Lang attended GTAMC and MCCPTA GCC the free college admissions seminar. The turnout was great and the auditorium had been filled by ~170+ parents and students. Among them, there was a significant number of elementary parents.

Getting Into the Best College for You: The Game Plan for 2017 And Beyond

(Free College Admissions Seminar)

Date: 4/26/2017, Wednesday

Time: 7pm-9pm

Venue: Carver Auditorium, 850 Hungerford Dr #122, Rockville, MD 20850

Sponsor: GTAMC and MCCPTA

Speaker:

Shirley Levin, Certified Educational Planner, Professional Member of NACAC, IECA, PCACAC, ACCESS

Jodi Gershoni, Independent Education Consultant

- How has the admissions process changed since you were a student?
- What courses should your child be taking now to prepare for a competitive college?
- What do admissions officers consider besides academics?
- How should your child prepare for the SAT and ACT? How important are these scores?
- * How do you help your child narrow down the list and choose the "best fit" colleges? * How have population trends affected the admissions standards?
- How has the financial aid process changed in recent years?
- How has the Internet affected the admissions application process?

ADVOCACY:

MCCPTA resolution in Support of the Provisions on Talent Development, Universal Screening, and CPHG/Magnet Program Expansion in the Choice Study Response Plan

Our school system is in need for our support. Many teachers and administrators have profound interests in improving the education quality. These provisions in Choice Study response plan is a positive step on the right direction. However, it is expected that there will be challenges in the detail and during the execution. It is foreseeable that parent awareness, involvement, and support will be a crucial factor of the plan's success.

GT Liaison in Every PTA

Each PTA is strongly encouraged to identify a volunteer to serve as its GT Liaison for the 2016-2017 school year. The GT Liaison plays a vital role in advocating for the needs of highly able learners by providing a critical link among the school community, the MCCPTA GCC, and MCPS. Once a PTA has identified a GT Liaison for this year, please email that person's name, school, and contact information to Iris Masucci, Vice Chair of the MCCPTA Gifted Child Committee, at ri@robertandiris.com.

Math 7 and Math8

11 middle schools will not be offering Math 7 (and possibly Math 8) at all next year, in favor of putting all students in the compacted IM class followed by Algebra I without regard to assessment data from Math 6. We are hearing several parent concerns if these courses will not be offered to those students who are not ready for the compacted IM math class.

Math 4/5 and 5/6

This year, Math 4/5 is offered in home elementary schools and highly gifted centers, but not at the middle schools. Math 5/6 will be offered in home elementary schools, highly gifted centers, and middle schools this year.

The identification system will no longer be run out of Carver/AEI but will be "opened up" for local school decisions.

Delivery method will be up to the principal. Delivery by way of differentiated instruction in an on-grade-level classroom will be allowed and, presumably, will not be discouraged. We are aware of one example of that going on right now, at College Gardens ES.

Kindergarten through third grade math is being reevaluated to see if it is too slow, and whether there are better ways to identify and prepare more students for math 4/5/6.

Advanced English in Middle Schools

An update meeting was held between OCIP (Office of Curriculum & Instructional Programs) and OSSI (Office of School Support & Improvement) to learn more about the current state of Advanced English as it relates to the MCPS system expectations. A collaborative meeting has been scheduled to review

school strengths and needs and work together toward next steps. Parent-identified schools with differentiation skills needs will be shared with OSSI.

Middle schools were asked to complete an action template which responds to the school's action steps in the following areas: communication, school structures, professional learning and instructional delivery. From here, there are supposed to be ongoing conversations, support, and monitoring from the directors in their ongoing work with principals and schools.

AEI and OCIP will be working with OSSI to hear about their findings and see where support is needed.
