

Well, while the summer seems way to short, for me I can say it has been a long strange trip. With the fall upon us the Regional Coordinators meeting will be held on the 12th and I'm sure to get a load of information. The R.C. meeting will be for R.C.s only, the ABATE Board meeting is open to all members as always. The ABATE Board is asking members to contact their legislators to ask them to fix the recently passed auto insurance reform, if it goes into effect in its current form it will be devastating for motorcyclist.

The ABATE Board is considering By-Law changes to put be for the membership in January, these changes will affect all regions and members.

In this region we will soon be electing officers, if you are interested in stepping up to help out ,you can email me at abateofmich.region9@gmail.com or phone 517- 647- 6623 by the second Monday in October. If you call please leave a message if I don't pick up.

Motorcycle Only Check lanes are back on the table as the ban on funding runs out at the end of 2020, the MRF is already working on it to make sure the ban remains.

E-15 is approved year around and will be in blender pumps as 88 octane. No motorcycle, ATV, Lawn mower, or power equipment is approved for E-15 so be careful what you put in your tank. It would be great if these blender pumps have E-0 options.

I attended Region 4's 9-11 remembrance run and party, even though I didn't win a damn thing, good times, good riding, good camaraderie, what more could you ask for.

Anyway, keep the rubber on the road, and ride safe

Nick

Region 9 R.C
