STI SAFETY RELEASE

To: Owner Operators, Multi Owners and Agents

From: STI Safety

Date: March 22, 2013

Subject: STI Logs

We've revised the current 7-day log book and the new book is a 1-day log format. See reverse side for a sample. You may continue using the current 7-day log book until you need a replacement.

With this new 1-day log book, we are also asking you to send in your logs weekly. We will be debarring drivers with over 10-days missing logs.

In addition, our log system does not recognize logs that are not the proper size. Due to this we will no longer be able to accept fax's or telephone pictures of your logs. These methods are not sized, or clear and legible enough to record in our scanning system.

Please ensure that you are sending in logs and fuel by state documents to STI on a weekly basis. It is very important to put your 4-digit safety number on your logs; we do not need your driver number or agent code on the logs.

Thank you for your help in keeping us compliant with DOT Regulations. If you have any questions, please feel free to call STI Safety at 800-381-7709.

DRIVER'S DAILY LOG

Start Date / Today's Date: - - (Month) (Day) (Year)

If multiple off-duty days, enter end date here: - - (Month) (Day) (Year)
