6.) Review of 2012 Activities and Proposed 2013 Activities – Moderator Kippley read the document titled Annual Meeting Review of 2012 Projects that was included in the meeting packets and expanded on the items listed as noted:

- Road Sign Inventory, retro-reflectivity compliance evaluation, and replacement policy project work took place in 2012 and will continue through December 31, 2013. This is necessary to get the township into compliance.
- Gardendale Project -

JPJ Engineering Project No. 20	008-325/Jola & Sopp Excavating, Inc. Awarded Bid	
Adjusted Bid Amount:	\$295,677.50	
Paid to Date (90%)	<u>\$253,156.95</u>	
Remaining on Contract:	\$ 42,520.55	

Pipe work was completed in November. Temporary mulch was put down – full seeding and restoration will be done in Spring 2013. Lift station complete.

Phase 1 – Received grant IRRRB\$200,000.00 – estimated cost \$353,385.50Phase 2 – Awarded grant IRRRB\$175,000.00 – estimated cost \$255,600.00Project will be five (5) phases.

Water/Wastewater Agreement in place with City of Aurora. Moderator Kippley stated "We are seeking legal counsel for the adoption of a water/wastewater ordinance. Once that is established, we will be implementing a rate structure and fees. The Town of White will be its own water company."

• Stepetz Road Project:

Project awarded to Ulland Bros.\$205,495.20Paid to Date:\$171,505.39Remaining on contract\$33,989.63Project still open – Nothing paid in 2012Completed in 2012:Straightened out guard rails to follow roadSeeding/blanket – continue work on slope/bank stabilization

- Annexation Currently still in mediation with City of Biwabik. Because of the legal system this is a very slow moving project with lag time from court hearings etc. Hope to have a report back from the court system by the end of summer 2013.
- Equipment replacement Truck Box (July \$14,000) was replaced because the salt/sand ate it away and the hinges broke off; Tire Balancer (February - \$8,395) had to be purchased because the parts from the old one could not be replaced so we had to find a new one that met our needs; Volvo Loader (December -\$142,885/5 year loan) was purchased because the other loader was worn out and due to the number of hours logged on the machine we were having issues with the power and performance of the machine and the tires were also worn out. We traded it in for the new loader which was delivered in December and is working great.
- Fire Department 800 MGH radios were purchased. The County purchased portable radios for our members and gave us a one – for – one deal on the radios which gave us an expanded area of coverage and allowed the combination of two systems. Cell phone towers are being added in the whiteface area. The radios have been intimidating to learn how to use, but we are learning and it is a good system. The dispatch center has been moved to Duluth from Virginia and this has caused "heartburn" due to misspronunciation of names and roads.
- June 14, 2012 FEMA Grant Awarded for repair of storm damage to roadways repair of roadways, ditches etc. in the amount of \$76,513.49.
- Loon Lake Community Center circulating pump was replaced.
- Gravel Crushing was completed for estimated next five years.

Moderator Kippley opened it up for questions and no questions were asked.

2013 Proposed Activities were discussed as follows:

• Continue with Gardendale:

Determine Utility Rates & Purchase Billing System Grant Application/Management/Reporting – for next three phases Equipment Needs/Grader

- Stepetz Road Complete 1st Project; Secure Funding for 2nd Project repair of roadway/bank from the storm last summer. The bank was washed out. We have it barricaded off for safety but because of protected waters we have to work with the DNR, Engineers etc.
- R100 Archery Event scheduled for June 29-30, 2013 The Board was approached by Ken Corbett to sponsor this event which brings in anywhere from 400 to a couple thousand people. This two day event should be a good economic boost to the area and hopefully will become an annual event. There are volunteers needed and all campgrounds and hotels have been contacted.
- Road Sign Inventory continues through 12/31/2013 we will ensure all have been installed and upgraded as necessary to be in compliance
- Technology Upgrades for Township Utility Billing System; Phone System for Office; Server (split with ERJPB and City of Aurora); Website Development; We have a lot of technology needs for upgrading and remaining current.
- Continue negotiations with City of Biwabik re: Annexation; As stated earlier this is a long drawn out process –it would be nice to get this settled. We are exploring options with legal experts.
- Develop a Capital Project Plan (Five Year) We need to establish what our goals are and what we are planning to do in the future. Years ago we had a capital project/strategic plan and it has been added to and things have come off it is time to do a new one.
- Campground at Twin Lakes People have been using the current camp sites for several years and we have had requests to bring in a 5th wheel from people who have rented the building. We are looking into this and hoping to get this going for this spring/summer.

Moderator Kippley asked those present if there were any questions. Gerry Kangas asked "Did you ever replace the crushed rock at the playground as I requested last year"? She stated the children have a hard time because the rocks are sharp and should have never been put there in the first place. Greg Hinsz responded that sand had been put on top of the rock. Gerry Kangas responded "I think the proper stuff needs to be put there – our children deserve it".

IT WAS MOVED BY NANCY SPURLIN, SUPPORTED BY GREG HINSZ TO ACCEPT THE TREASURER'S REPORT AS READ. MOTION CARRIED

9.) Proposed 2014 Budget & Levy

No action was taken on the 2014 budget and levy. The proposals will be presented to the public at a continuation of the annual meeting which will be scheduled in September as in years past when we have information on the levy.

IT WAS MOVED BY SPURLIN, SUPPORTED BY HELANDER TO POSTPONE THE 2014 BUDGET AND LEVY DISCUSSION UNTIL SEPTEMBER 2013. MOTION CARRIED.

10.) Other Business

- a.) Moderator Kippley read a report from the East Range Joint Powers Board Activity for 2012 -2013 prepared by Curt Anttila.
- b.) Moderator Kippley voiced support for the R100 event and hopes to have it come back every year.
- c.) Moderator Kippley updated the public about the East Range Sharing & Pairing meetings that have been taking place. Local officials have been meeting on projects and are looking for ways to coordinate and support each other by combining our resources to save resources in areas such as purchasing, technology, personnel, and securing funding/bidding on projects. "We can no longer stand alone. We need to cooperate with our neighbors. There is new/different leadership in these communities and we are hoping relations will continue to improve. "We have always worked well with Aurora we used their sanders for Laskiainen and they used our jack hammer for a broken water line."
- d.) Betty Stende asked for clarification of the Resolution 2013-001 Designating Fund Balances which was included in the packets. Clerk Knaus explained the difference between restricted and unrestricted/committed fund balances and the unrestricted unassigned balance of 45%. No further questions were asked regarding the financial status of the township.
- e.) Gerry Kangas asked what has changed with the Clerk's position when Mary Ann Helander retired. She voiced hearing of concern from citizens and a possible petition being circulated. Moderator Kippley responded the needs of the township were evaluated relating to abilities and qualifications/needs of the position and it was decided to create an Office Manager position and appoint the hired Office Manager as Clerk. The duties and pay for the two positions are separate. There was no increase or decrease in wages with the split of the two positions. This was also done with the Treasurer position. Buddy Koskiniemi stated the Clerk is MaryAnn's niece regardless of qualifications. No further comments were made. Ms. Kangas voiced concerns about how a citizen was treated at a meeting last April and indicated she would not attend any more meetings. Moderator Kippley responded the Board makes decisions based on the information presented to us. Kearney responded the Board consists of elected officials and he was not directed to take action.
- f.) Buddy Koskiniemi asked what the township pays for ERJPB and when is the budget for this set? For 2013, the township pays \$12,500 and the IRR has been matching these funds. The budget is determined once the levy amount is known in late summer prior to the continuation meeting.
- g.) It was suggested the Annual Meeting packet be numbered.
- h.) It was asked if the Board would allow a citizen to pay for a one time pass for basketball versus the \$30 annual pass. Skelton reported the Board would consider this.

IT WAS MOVED BY KIPPLEY, SUPPORTED BY SPRULIN AND HINSZ TO KEEP THE ANNUAL MEETING OPEN AND RECESS THE MEETING AT 7:05 PM. MOTION CARRIED.

Jodi Knaus, Clerk
