

# STROLLING THUNDER™

North Carolina

# Let's give the babies a shout-out.

The North Carolina Early Education Coalition is bringing babies and parents to the state capitol this summer to call attention to what babies and families in North Carolina need to thrive. Join us for Strolling Thunder™ on June 7th to tell our policymakers it's time to Think Babies™ - for stronger families, vibrant communities, and a prosperous future. No experience necessary! You'll bring your baby, your stroller, and your story, and we will help with the rest. Learn more and register at:
