Mortal Sin Takes You to Hell

8.1.25

May God bless you, dear family, and may His protective wings surround you like a shield. Jesus began, *"There is nothing wrong here you are in My perfect will, this is an attack, a vicious attack to get you to step down. Cleave to Me, Clare. Your enemies are many, but your angels are many more, and they are no nonsense angels ready to do battle at the drop of a hat, so to speak. I Am quite serious My Beloved, this too will pass. You are being introduced to a higher level of witchcraft.*

"You are condemning yourself, when I told you that you are not to blame, but they will pelt you with that. Understand that you just removed a very serious threat to your mission. Stop condemning yourself for this, the enemy is very angry because he planned on using others in a critical situation. You will take much flack for this, but do not be moved by the criticism of men. You did the right thing in the right timing, before it became any deeper. Clare, I am proud of you, My Dove." "Really?"

"No, I am very proud of you, you moved a major tool of disruption out of your way, or to say it in better words, out of My way. To everyone else it may look like a death blow, but you don't serve them, you serve Me. You have recognized what I wanted you to see and you have obediently acted upon it. That is why you were hit with heavy condemnation. They wanted to use that against you to get you to resign and change your mind." "Oh Lord, I just don't have any words. Do You?"

"Never will I turn you away when you come to Me. This was something that had to be done for the health and welfare of all concerned. Yes, it is tied to pride but not in the way you perceived. Mortal sin, is the topic here. You would do well to pray for all affected." "Thank You Lord."

"Rest and be at peace, Clare. And yes, you also have pride, but very basically it was a curse against you. My dear ones, you can be a very good man or woman and still miss Heaven if pride causes you to ignore the commandments of God. Do not commit adultery or fornication. Each of you please search your hearts, just because you have a privileged position does not guarantee immunity from the 10 commandments.

"My people, Satan is treacherous and seeks to dominate and take your soul to hell. Things may look just fine to the casual observer, but I am forever present in all your actions. You are near the end, please do not fall for Satan's tricks, it matters not to him whether he gets you young in life or later in life, as long as he gets you. Outward appearances may fool others, but I know what goes on in your lives behind closed doors. You are too dear to Me to lose. Please, please repent and return to the path of righteousness. You don't have much time left here, please come back to Me. Mortal sin takes you to hell."

The Lord is Calling Us to Fine Tune Heart Dwellers

8.4.25

Mother Clare began, my precious, precious family, I want to explain some of our recent changes within Heart Dwellers. We've had to make a very difficult decision when the Lord Jesus made His wishes known that we needed to solidify the very heart intention of Heart Dwellers and cleave to the guidelines given me from the very beginning.

As you may or may not know, I dropped out of high school after my junior year, so you could honestly peg me as a high school dropout, with no further education. Why in the world would the Lord choose Ezekiel and I to lead this movement??? It just doesn't make sense. Why would the satanists viciously attack us who are little nobodies from nowhere? No titles, diplomas, alphabet soup after our names to recommend us for such an honorable mission with eternal consequences.

I gave up on trying to resolve that and just accepted the position. I never asked for ordination, I never asked to be appointed as a leader of the Lord's little flock. And I never in my wildest dreams considered that this movement would be so important to the Lord, and that it will have longevity and affect this upcoming generation. But I cannot deny that He has used my flaws, sins of the past, and weaknesses in present time, to reveal His loving, redeeming and forgiving nature to you so that you would not be afraid of Him, but invite Him into your heart to teach and repair it, and carry the torch of unconditional love and truth forward to the world. But this is exactly what He has done, in spite of all my flaws.

My heart is to please Him in this mission He has given us, and He has brought to mind our very meager and lack luster beginnings and that it suited His direction for us perfectly. As often happens when God begins a work, we can get ahead of Him and make decisions that are not suited to what He intended, but bring a different charism to what He wanted.

The reason we are making a change is because the Lord wants us to distance ourselves even further from the world and the approval of man. He wants us to be fools for Christ, very little, of no repute, and obviously resembling the working class and all those who didn't finish their educations and do not stand out to the world as qualified. Like Jesus, we have no qualifications, we are nobodies from nowhere.

My dear ones, we are only going to get littler in the eyes of the world. God has given us a love for all of you, the times are treacherous, the enemy is wily, lets all love one another and support each other in the charism that Jesus has given us. I am asking all of you to watch or rewatch the movie, "The Reluctant Saint." Which is the story of St. Joseph of Cupertino's life. When you watch this, you will have a better understanding of what Jesus has called us to be as His Heart Dwellers. We love you and are praying for you. Thank you, thank you for being such a vital part of this wonderful and amazing family!

May the sweet peace of Jesus hold you close and give us all the grace to comfort Jesus and one another for what is coming.

Mother Clare began, in 2015, I received a message from the Lord that because the world is so drowsy, the true great revival will not happen until all Christians are shocked by the Rapture. Then unprecedented revival will begin. He told me at that time, it would be right after the first bombs fell, Florida being first. That makes sense because Putin has a great military presence in Cuba.

"Oh Lord, thank You for keeping us on our feet. Just barely...all of our bodies are going through the electromagnetic changes associated with the sun's turbulence."

"But stay on your feet none the less. You must learn to fight when you're wounded. Yes, you can do it. I am here Beloved, bright eyed and bushy tailed."

"I feel so little and over my head in this battle." "But you are not taking into account My angels or My affect. If I were you and thinking only what I could do as a mortal, I would feel the same way. Beloved, I MAKE UP FOR WHAT YOU LACK. In other words, you put in your widow's mite and the King's elite forces will cover for your limitations. Period. Stay in the saddle, keep going, when you falter, I am there to lift you up. Nothing by any means shall hurt you, only the decision to retreat of your own free will. You mustn't retreat Beloved, I Am there to make sure you don't. It is a brutal fight but you must count on Me to keep you in the battle and winning."

"Lord, I almost feel like I am dreaming." "All of you must press in if you want to keep your vocation and the progress made thus far. It is true, the battle is savage, but it is also true that you cannot lose if you adhere to the standard. I am strengthening you minute by minute. Many over the earth are in a serious battle to hold onto the progress they've made thus far, because the enemy wants to take it from you."

"My Love, you can only do what you can do. Nothing more. But that is where I take over...the battle belongs to the Lord. When they see that you refuse to quit or give up, that's when their resolve and strength will weaken. Until then you must stand up and fight. Say mass with Ezekiel, you will both be strengthened. I have the utmost confidence in you and the community. I will stretch them to reach out for more anointing. Be sensitive to surrender in the sense of trying new things."

"Lord, I have a situation that is not headed in the right direction and I don't know what to do."

"That is why so many things that are begun with wrong motives end in failure. Wrong motives are supported and overlooked because of the other benefits the soul can bring on board. Do not fuss over this Beloved, only make it your resolution to NEVER COMPROMISE. NEVER."

"I am leading you along the path of holiness nothing is worth starting out with compromise because it always ends in disaster and sometimes it can spoil all the work, but in this case, you have obeyed and we can move on. Lift up your eyes unto Me. See the eternal joy I hold for you in My Heart. Well done My good and faithful servant. Let us enter into our joy together."

I have seen this joy on His face over and over again when we dance together, especially accompanying bridal music. What a wonderful gift to be lost in the arms of my Beloved. He loves me, there is nothing more to want. "How gracious You are to my littleness, Lord."

Resolving Conflicts

8.8.25

"Lord, help us to walk in peace and unity with others. Guide us to resolve conflicts with wisdom and love, and to be a source of harmony, not division." Amen.

"Here I am Lord, oh how we need YOU!" Mother Clare began. "And I Am right here by your side helping you reach a resolution of peace that will thwart the enemy. It is very hard when a person has experienced rejection all their lives. Every layer of rejection becomes a shell to protect the heart. Both of you have difficult histories and the enemy is always trying to make a mountain out of a mole hill. For real. I mean that with all My Heart. You both have similar temperaments which have the potential of a good partnership. But that's the last thing the enemy wants so he tries to turn you against one another. The tendency towards a critical spirit in you both, sets up many occasions of strife. Steer clear of strife My Beloved ones. Listen very carefully to one another and be empathetic, that will shoot many tensions down.

"The enemy has used many lies against you. Learn to be flexible without protest and prioritize. Clare, you can grow in patience and Brother, what you do for her you have done for Me, directly. Could there be any better way to spend your time and energy? Really? And Clare, his needs are My needs. Is there any better way you could spend your time? Children, children, lavish your time and energy on Me dwelling in each of you. Be there for each other. Be willing to waste time and energy on each other until things are running smoothly again. That is why I brought you together in community, so that you could show your love and dedication for Me by cheerfully serving.

'This is not a chore Beloved ones, this is a privilege. Is there anything more important than saving souls? Satan has given you a hypersensitive spirit about donating your time to My Work. Nothing in your day is more important than serving one another so that souls can be reached with the good news. This indeed is a privilege. Do not see it as a chore stealing time from you, see it as your due diligence in bringing the Kingdom of Heaven to earth. I AM DEAD SERIOUS ABOUT THIS PERSPECTIVE. Do not have a perspective of selfishness, "This is MY time I have so much to do and this is inconvenient. How do you think that makes Me feel? Did you not give me your lives and times?? Did I not call you to serve in My Kingdom being formed on this earth?

"So tell Me, whose time is it, when one of you calls Clare and Clare calls you? If you think it is yours to conserve and control, you are sadly mistaken. There are times when I call you to do 'foolish' things, like hang out. Should you say 'no' to your brother when he has time to visit? Or should you both look out for one another and choose the best compromise. The things you sweat bullets over are far less important than the way you treat one another. Work done in vitriol and resentment is destructive, not constructive, not forming you in holiness or moving you forward with the best motives. Because, you see motive is everything, your faithfulness to your duties rebounds to the others advantage in them being able to be faithful because you were there for them.

"At the end of the day, when the angels tally up your interactions, what kind of score in brotherly love do you think you merit for the way you handled one another? Did you avoid that person because you were so caught up in your own likes and agendas you just didn't care to interrupt your more important work? Did you deliberately leave your walkie off so you could not be reached? Did you politely inquire of one another if they were tied up in a critical job or conversation before asking them for help? Or did you expect them to drop what they were engaged in to meet your needs? Did you try to solve your problem without having to bother anyone or did you reach for the phone and not even try to solve it alone? Did you call too early or too late for a small matter?

"My children, these are common sense and good manners. They show that you respect one another's time and their purpose. A little respect goes a long, long way Beloved ones. Put yourselves in their shoes. Are they struggling to do their work because they hit a technical wall? Or do they need an answer from you to continue on with their work? Love one another as I have loved you. Do not be selfish with your time, rather demonstrate to them how much you love and respect them by being prompt on the walkie, and eager to see them move on and have a productive night. You must learn My priorities, what is important to Me to do first. Is someone in pain? Is there an accident? Is someone exhausted or sick? Is it a matter of feeding souls? Please My very very little ones, do not live for yourselves LIVE FOR ME and my agenda and priorities and love your brother as you love yourself." Amen.

Growth in Grace, My First Love

8.11.25

May God's blessings and favor be upon you dear family. Mother Clare began, "I am here Lord, help me please to concentrate." I blessed myself with holy salt. "Lord, I want to be privy to Your heart's emotions." I am thinking, no one knows His Heart better than His Mother. "Blessed Mother, I want to be closer to Him than ever, I want to be His companion who always has her eyes and feelings fixed on Him and what matters most to Him." "Jesus, grant me this request, please."

"My Sweet one, you know what you are asking of Me, do you not? What are you willing to give up to have all of Me, to keep your head on My Heart and know the sufferings and disappointments I go through. Are you willing to accompany Me on these journeys filled with bitterness and pain. I think not."

"But You could make me stronger...." A sweet expression of almost affectionate exasperation settled over His Holy Face.

"Indeed, I Am willing but you must prepare yourself for new struggles. I Am not saying it is impossible, only that it will cost you much."

"Lord, You own the cattle on a thousand hills, You own it all....

"Oh My Love, I honor your desire but I never built you to withstand that kind of pressure, although I could moderate it so you could be closer than you are now. Of course you rest in My Heart or should I say you are restless in My Heart. But I can remove parts of the veil a wee bit at a time, to allow you to adjust, step by step."

"Oh Lord! My heart cries out to be totally united to Yours. It is very true that I am but a mortal with desires that only can come from Heaven. Will you help me?"

"I will. But be prepared for more trials. The truth is, that I can make you stronger, tiny steps by tiny steps. Be alert to My moods. Transfer your attentions from the worldly things to just Me and only Me. Come here My precious gift, come here, rest on My breast, and enter into My Heart of Sorrows."

"Jesus, I think this is where I belong, I find no comfort in those other places."

He held me tightly, and said, *"This is where you belong, wrapped up tightly in My arms. From this place you can do so much more for souls and the kingdom."*

"I have had such a fight against lukewarmness...for so long."

"You have had much to consume your mind. But now you have two faithful men beside you, it's time to relax Clare and come back to Me in such a way that you know these two souls are dedicated to keeping you in the saddle. Truly, I have done a major work in both their hearts and they will stand beside you and give you strength and faithful, prompt, support. I am gracing them with these gifts as we speak."

"They shall be faithful and not turn a deaf ear to your needs anymore. I am raising them up so I can draw you into My Passion, the place you have always longed to be. Now you are under girded by them so I can call you up higher to minister through My Passion and touch hearts in a most profound way, the way you have always wanted to." Amen.

I Long For You My Bride

8.15.25

May the calm assurance and sweet presence of our Savior wrap you in His peace. My dear ones, the rapture is about to happen. The Lord is longing for His bride. I can only imagine how very deep His pain is as He watches us go through this life on this twisted demon infested earth. His compassion and sensitivity is without an end and He chooses to experience all that we experience because His love is so deep for us. It breaks His heart and He can't wait to put an end to it. That's what this message is about.

I have pressed into intimacy with him, with the innocence of a child, seeking the gaze of her God. He has not disappointed. He has responded in a tenderness unknown to mankind. Oh, how much He loves each and every one of us. What pain He suffers at our exile and the stars I see in His holy eyes shine brighter as He thinks about that day soon to come. Hold on my beloved ones in a recent message from 2015. He told me that the Great Revival would happen right after the rapture. I had forgotten that, but He brought that message up to my desktop as I was trying to resolve timelines as four approaches and signs are revealed in the heavens and the earth. I just couldn't get the puzzle pieces to make any sense until He reminded me. Dear ones, I am just human like you. I am with all the talk about revival breaking out in the world. I thought He had changed His mind, but no, He didn't.

So, He reminded me with a tech miracle that message just happened to open up on my desktop. Imagine that. I am sure there are some who would love to stone me for that. It's okay, I'll get to heaven sooner, but I believe He was reminding me of what He said ten years ago, and I can see it plainly. Too many Christians are still asleep despite the signs in the news that point to an eminent and close rapture. Too many Christians are still in love with the world. Something drastic has got to happen to bring them to their senses.

This is written in Luke 21:25 to 26. There will be signs attesting miracles in the sun and moon and stars. Our sun is absolutely chaotic right now, causing earthquakes. And on the earth there will be distress and anguish among nations. Earthquakes and volcanoes are going off all over the world, unprecedented. Luke continues, "In perplexity, at the roaring and tossing of the sea and the waves,

Tsunamis, guys, people fainting from fear and expectation of the dreadful things coming on the world, for the very powers of the heavens will be shaken. Then they will see the Son of Man coming in a cloud with transcendent and overwhelming power, subduing the nations and with great glory. Now, when these things begin to occur, stand tall, lift up your heads in joy because suffering ends as your redemption is drawing near. And that's from the Amplified Bible with a few of my little notes there.

So, here we begin the message. "Sweet Lord, thank You for being so present to me. Jesus, You know what is on my heart." He replied, *"We both have the same things on our hearts. Our intimacy, our wedding day. Oh, so sweet, my Clare. Oh, so sweet. I can barely stand to be around you, My love. Truly, it is painful knowing that we are not yet together in heaven. Oh, I do so long to walk with you through the palace, swim in the rivers and lakes, climb bluffs encrusted with opals. "Oh, it hurts Clare, it truly hurts to be away from you, and I am longing to take you to heaven. The major waiting is over My love, not much longer, Beloved."*

He continued, *"I want to make this amply clear to you all My Heart Dwellers, each and every one of you long for heaven, but not anywhere near as much as I long for you, every single one of you. We shall be together soon, dancing and celebrating, with not a hint of fatigue or pain. Yes, that's what is in store for us. You and I, one on one. The ballroom is prepared and lit up like a Christmas tree. Heavenly food is on the table, warmed and ready to serve. The only thing that is missing is you, but not for long. Surprise! Soon the surprise of your life will occur. You have waited long and hard, and I shall reward you for the agony you have been in for decades."*

Beloved ones, while you were loving, serving, waiting, and suffering, I was putting the finishing touches on your heavenly home. And I can't wait to see the expression on your face when I carry you over the threshold into the very unique place created for you alone. All your favorite colors and things and even pets will be waiting for you. Some of you have seen your heavenly home before, but you will be shocked at what I have added to it while you were steadily ministering my love to souls, praying, and keeping watch." And that was the end of His message.

That gave me so much joy, Heart Dwellers, so much joy. We're about to plunge into some very dark times, but cleave to the Lord, hang on to this message and know that He has wonderful things prepared for those who love Him and have given their lives to Him. The Lord bless you, my dear ones. Thank you for your support and your comments. I really appreciate them and I guess if we want to be seen more, it would be good for you to subscribe and comment and that'll bring our videos up higher in the rating so more people will get to hear them. We love you, we pray for you, and I can't wait to see you in heaven. Alleluia!

Will You Pass The Test For Heaven
8.18.25

Beloved Heart Dwellers, let us run the race set before us and not grow weary in well-doing, but press into Jesus for all the strength we need to do what pleases Him most. Amen. I came to the Lord with a heart eager for instruction. He didn't waste a second. Jesus began, *"Worship more prayer and worship. You need to cover yourselves as a community, protecting each member. Look for the weak and the sad ones. Those who have an oppressive cloud over their heads. Dispel that cloud and lift them up. The health of this community and this mission hinges on the health, spiritual, mental, physical and emotional of each member. When one is down, the energy is incomplete. The enemy loves to bring just one down so the whole team will be weakened. Remember, be your brother's keeper."*

"If you are vigilant and self-sacrificing, all of you become stronger and more able to accomplish your specific tasks. All of you should be mood changers so you can operate at your best level all the time. My beloved ones, I cherish each and every one of you. My Holy Spirit has put you together for a purpose, and each one has gifts the others need. The enemy is constantly attacking your morale by causing doubt, fear, and worthlessness. You are anything but worthless, or he wouldn't target you. Because you love Me, so authentically, it grieves you when you fail. Then you feel more impotent, like your prayers matter little. Then the enemy tries to inspire you to take a break, have a rest, get away, go easy, because you don't matter that much. How far from the truth is this lie, which succeeds in weakening the team. How can I inspire you to go higher when you feel so low? You see it towards the graces I planned on giving you, which in turn affects the performance of the whole team and your leader. You can't always be on point, but you can always recognize when there is a hidden force suppressing you.

"I'm reminding you that you have the power to thwart this negative blanket of energy, confront it, command it for it must obey you because you live in Me and I live in you. That means you also have the authority to release the chains on a hurting soul. Will you do this for Me? With all My heart, this is the response I need from you. The very moment My Spirit reveals the situation to you. The faster you act, the sooner you free a troubled soul. I have given you the tools. Please use them. Be proactive. Make it an immediate response when you see someone is suffering. If you do that, when you see it, others will do that for you when you are disabled by crippling thoughts. The Holy Spirit dwells in each one of you. Listen for His voice as you work through your day. Understand that this is the gift of charity and brotherly love, which will bring you so much higher and more capable as you keep a lookout for your brothers and sisters. Each time you care for others this way, you grow a mile higher in spiritual stature, and please me to know and truly it is all about love.

"I'm putting yourself in your brothers and sisters' shoes, with an eye to advancing and protecting them. This act of charity will always rebound to you as I see the unselfishness of your actions. When you stand before Me, you will not be graded on how well you sang, or studied, preached, or succeeded, but on the authentic brotherly love that wouldn't let you pass by a hurting soul, to do all you can to relieve them. More than every other virtue, how you loved others will determine your status in eternity and the fulfillment of your most precious dreams." That's the end of His message.

Bridge The Gap
8.22.25

My precious Heart Dwellers, may God give us the grace to keep our dear Lord Jesus covered in love with fast offerings and sacrifices as we pray for our president and the unsaved of this world.

Ezekiel had a vision of a huge, cumulus cloud and the very bread basket of our nation. There were several of them, but they were from a massive explosion, an attack at the heart of America, destroying the crops ready to harvest in the area. "Lord, please tell me what is going on?" *"What was once ripe fields of wheat has now been blackened to ashes? My dear family, this may very well be stopped by our serious prayers and self-denial, fasting as you can."*

He did not see a missile coming; rather, it seemed to be launched from the ground nearby. "Lord, you told me the first attack would be on Miami, and then all the other cities marked for destruction. Oh God, have mercy on the innocent, dear God, I'm speechless. I know something must wake us all up. Oh God, have mercy." I stop to pray the Divine Mercy Chaplet. And these are the words that go to it. It's prayed Eternal Father, we offer

you the body and blood soul and divinity of Your dearly beloved Son, our Lord Jesus Christ, in atonement for our sins and those of the whole world. You say that once and then you say this ten times. For the sake of His sorrowful passion, have mercy on us and on the whole world and meditate on His crucifixion, as you say it, for the sake of His sorrowful passion. Have mercy on us and on the whole world for the sake of His sorrowful passion. Have mercy on us and on the whole world. So, that's repeated seven more times to make a decade of 10. And at the end, we say, "Holy God, Holy Mighty One, Holy Immortal One, have mercy on us and on the whole world." And you repeat that three times. Now, I have a Divine Mercy Chaplet, a contemplative version on our website. So, you can look for that there. It's a longer one than most of them. But the idea is to meditate on the Lord's passion, revealing it, showing it to God again and asking for His mercy.

Well, the Lord began, *"My love. It will not be much longer now."* "I understand that, Lord. But what about Miami?" *"What card did you just pull?"* He asked me. We have rhema cards, probably a couple thousand by now, scriptures, words from the Lord, that kind of thing, and we pray over the box and pull two or three cards to kind of get an idea of what's on His heart, what He wants us to pay attention to, and it is incredibly fruitful. People who don't know up from down or where they're going or what they're doing. When they get engaged in that and in this engine on the website where a random card will come up on the website, it really gives them some direction. This is done with the Holy Spirit.

It is not fortune telling or a cult or new age like that. We are petitioning the Lord for wisdom through the instrumentality of the Holy Spirit. And this is how the 12th apostle was chosen by lots. So, there's nothing wicked about it. It's totally pure and done through the Holy Spirit. And I'll tell you it sometimes blows me away what He gives me. It's so on point.

Okay, moving on. So, He asked me, *"What card did you just pull?"* And the card that I pulled was bridging the gap, just to be there, to stand in the middle, which is major intercession. And He continued, *"Well, that should tell you the whole story. Pray, My beloved spouse, pray without ceasing."* And that's really hard for me unless I'm praying the Divine Mercy Chaplet, or praying in tongues, or the rosary, because the Blessed Mother is an intercessor in heaven, and we appeal to her intercession when we pray the rosary. She's not to be worshiped. She's not God. She's a woman chosen by God to carry His son, and she was faithful from start to finish. So, she's an intercessor, and she prays for us.

Jesse Duplantist, when he was leaving heaven, David had escorted him around heaven. When he was leaving heaven, as they were pulling out. St. Michael said to Jesse, "I'm praying for you, Jesse." Now that sure flies in the face of people who think that people in heaven can't pray. And what are those great cloud of witnesses going to do? Stand around with their thumb in their ear? Or are they going to pray when they see you in trouble? Of course they're going to pray. They're right there with the Lord in heaven. Could you not pray in a situation like that if you were looking down into heaven and saw what was going on? Could you really just stand there and not do anything? Of course not. It makes no sense at all. And yes, Jesus is our great High Priest, but just like we ask people on earth to pray for us, we ask people in heaven to pray for us and because they've been given great command through the Holy Spirit of understanding what's going on, they hear us. The Holy Spirit presents those petitions to them. So, some of you that have a problem with that, get over it.

Moving on, so the card that I pulled was bridging the gap just to be there to stand in the middle. And the Lord said, *"That should tell you the whole story. Pray my beloved spouse, pray without ceasing."* "That's what I want to do, Lord." *"You are feeling the weakness of your own flesh, which I am receiving as your continuous sacrifice for the souls that will die in these tragedies. You know how you feel on Fridays My love. Oh yes, dear one."* "Please forgive me, Jesus. I'm sorry for complaining. Just please give me Your strength to carry me through. Please, I confess, I don't like suffering and I am tired. He continued, *"You are receiving just that good grace and energy you need. But if I took any more pain away from you, it would not be the sacrifice I need."*

"Yes, Lord, I understand." "Can you work with that? For Me?" "Yes, Lord." "As far as the overwhelming attacks that are planned in this moment, much depends upon prayer. Pray with All your heart, Heart Dwellers, offer fasts and sacrifices. Pray, pray, pray. So much of what is about to happen depends on how many sincere warriors pray against this. What I have told you about Miami and New York and the other targeted cities stands. This abomination is planned to destroy the harvest of food. Pray beloved ones. Pray the Divine Mercy Prayer much to mitigate this attack. I am listening for My bride's prayers. Please don't let Me down."

How Demons Use Your Tongue 8.25.25

May the Lord bless you, sweet Heart Dwellers, with the company of Jesus and the protection of the angels. Amen. Today, during worship, I was listening to Freddy Hayler, Golden Altar worship number one, and it was beautiful, very, very transporting. And Ezekiel being bedridden, he listens to it a great deal and he ends up in heaven all the time. Last night he spent the whole night in heaven. He's been listening to that all day long and really was transported. It's really amazing. And he has a song and I was quoting from the song in my first line here, "Father, I bring my offering." And I said to the Lord, "As little as it is, my widows mite. Thank you for forgiving me. I need more self control." My husband had a birthday and I really enjoyed that mud pie. I renounced that spirit of rebellion In Jesus name, and I will not continue in this. I hate it. "Lord, please help me." Yeah, I get in this mood where I just toss my head up in the air and say, I'm gonna do it and I shouldn't do it at all. Have another piece of pie, right? And I recognize that as rebellion And I'm beginning to see it through certain things in my children, my adult children, and I realized it came from me.

Well, the Lord began, He said, *"My daughter, many are your flaws and faults, but don't you see how they are decreasing? Steadily, I might add. So, I ask you, do not become discouraged or despondent, lest you lose the sparks you still have."* And now I wake up every morning with the most negative feelings and negative narrations and I know that they've planted them there from when I gain consciousness in the morning. It's every single morning and they're horribly depressing. They make you want to quit, you know, but I'm not quitting. *"Okay, know that you are common to humanity at large, but I have resolved to help you overcome yourself. Trust me, I so badly need you to look on the good inside of yourself and us together with you as a team. Father, Son, and Holy Spirit, our team. Speak more about our progress and less and less about your failures. We are moving forward. Yes, you slide back a bit, but you're quick to bounce back and keep going. And so we are on the road to success just like the bold card you got on Sunday. You will succeed, so tighten up. Gather your strength in prayer and sacrifice, and count on Us to keep you moving forward."* And I answered, "Yes, Lord."

"Today you discovered something I have been trying to get you to recognize since your first conversion. Satan has used your mouth to curse many things. He has used your fears to curse things and people. You did not realize what you were doing, but every negative word and attitude became an opportunity for the demons to use your mouth for their own agenda. Are you ready to put a stop to this?" "With your grace, yes, Lord." "My grace is with you, daughter. I have restored your mind and I will continue to restore what is most necessary to you for your ministry, but you must cooperate with Me to see that

happen. All negative words, accusations, excuses, etc. are forbidden you from now on. I will heal certain necessities so that you can flourish. Healing gifts will become active and other things. The witches have done you a great service for they are continually challenging you to rise above their tactics of self -pity, laziness, negativity, etc." "Fear, intimidation, wow all kinds of negative things."

"You remember how you had to get out of your home environment when you were a teen because someone there was constantly complaining." "Oh, boy, do I." "The spirits of ingratitude and sloth, even though seemingly so little and insignificant, are the weapons that have been used to cripple you. You cannot have any part in these anymore, rather declare My mercy, My grace, how I have lifted you up, gifted you up and provided for all your needs, mental, physical, emotional, and above all a pure golden heart attitude of gratitude with Psalms, songs and words of profound thanksgiving for what I have done through your life and what I will continue to do before and after your trip to Heaven. Oh Clare, lift it up. Lift it up. All that I have done for you, My daughter, all that I promise to do for you. My daughter, worship me in the spirit of profound gratitude. My people, I want you to know that one of My exorcists asked the demons why He attacked people." The answer opened my eyes. So, he said, "So, I can speak from their mouths. We don't have that ability. So, in order to create, we must get control of the tongue and use it to our purposes." This information, by the way, came from the Armour of God YouTube channel, a Catholic exorcist. Another good channel is Living Faith Daily. The Catholic Church, the institution, is coming up with some really good programs that are outside the norm but are desperately needed in this time.

Heart Dwellers, we need to eliminate sayings like, "I can't do it. I don't know how. I don't understand. I'm sick and I'm tired." You just talked yourself into that with your own words. You don't even need demons for that. You did it yourself. So, I'm making it a resolution to stop speaking negative words or phrases from my mouth and speak only words of praise, scripture, and positive confirmations of things, and put an end to the enemy using my own tongue, and I pray that you do too. God bless you, dear ones.

Are You A Wet Blanket
8.27.25

My precious family, I learn more and more about myself every day as the Lord opens my eyes to my faults, things I never dreamt were faults. Don't be afraid to look at yourself under a magnifying glass. There's nothing sweeter than His forgiveness. And that's what opens the door to new graces as we humble ourselves. Amen.

Brother Leo sensed that we had open doors today in prayer and we needed to repent. "Yes, Lord, I do have open doors." Did we put the needs of others before our own needs? Did we hold back or dodge work, giving lots of reasons why we can't do something. I heard the Lord say, *"Well said."* He continued, *"I desire deeper recognition of your sins, My precious one. Are you living for yourself or living for Me and those I send you? Do you know that when you have something to do and feel helpless and weak, do you know that all you have to do is ask for help?"* "Yes, Lord, you did that for me last night, and it really works." I was running on fumes, and I said to the Lord, "I don't want to go to bed." I think it was something like 11:30, and I usually stay up until 2:00. "I want to work, but unless I get a new momentum, I have no other choice than to retire." Then I forgot about it, that little prayer, and continued to stay up until I recognized that You, Jesus, had done something to me and I was no longer so tired. Wow, this really works!

He continued, *"I have extended that promise to you and others, but so few use it. Now is the time to use it, because the lion is voraciously hungry for your spirit, soul, and body. He is ready to consume anyone who is harsh or contrary, finding fault, or throwing a wet blanket on someone's inspiration by causing judgment on them, and undermining their pure inspiration. My dear ones, you don't have to always fact check and find fault. Sometimes the very things you discourage came from Me because there is some benefit hidden in a simple inspiration. When you throw the wet blanket, you discourage and interrupt the flow of encouragement I was boosting them up with. You actually work against Me and the Holy Spirit. You don't always have My Spirit when you cast darkness over another soul who is struggling."* Oh, guilty is charged.

"In fact, most of the time you are in pride and the flesh just having to be right, just having to critique another soul's conversation or inspiration that I gave them, to give them a push forward and up and out of a slump they've been struggling with. Please stop doing that, please. In those situations you are operating in pride and coming from a cocky, know-it-all, got a fix it, point of view. But what you don't recognize is that I write straight with crooked lines and your vision is hampered by self-righteousness."

"Lord, I am sorry. Please forgive me. I know I've been doing that. I don't want to do that anymore. Please help me." *"Beloved, if you knew the damage you are about to cause, you would never again open your mouth to presume you know what My Spirit is doing. This presumption runs through the community because the people at the top model it for the others. So, I am now formally asking you to put aside a purse of your own opinion. Do you understand when I told you that the meek will inherit the earth? Do You understand what I meant? I have told you this because I need more space to operate, more freedom to inspire My children with new life, not the run-of-the-mill same old thing. No new things no one has thought of until now. I want to inject new life into all of you, but peer pressure has formed an invisible, fearful barrier instead of a fuller freedom to go forth. How can I do anything new under the sun when My children ridicule and oppose Me?"*

"I don't always know when I'm doing that." "Partner with Me to bring new life, to support new ideas, to encourage creative ways, to inspire the gospel to the weary, worn-out churchgoers. In the short time left to you, I am asking for an end to unspoken or spoken censorship. The rhema mother got says it so well, edify, edify, edify one another with scriptural passages, psalms, and exhortations. Do not allow any souls to leave the channel or the community feeling bad about themselves. Calm and encourage those who come limping in the door and if they come with an inspiration, make sure you do not grieve My Spirit." That was the end of this message.

Okay so from now on you guys when I do that you can say mom you're sporting a wet blanket okay and if I call you a WB you'll know what that is you're a wet blanket.

Are You Ready For Your Destiny

8.29.25

May the Lord bless you, Heart Dwellers. May He give you clarity and strength, for it's about to turn a corner with us, and it's an important corner. So I began, lately I've been receiving all kinds of graces to just function, and I said, "Lord, thank you for the copious graces you have poured out on me, so much goodness has come to me, so much goodness." And the Father began, *"My daughter, there are more to come. This I promise you, as you make every effort to obey, My heart swells with pride, for truly you are a very rebellious one, but that rebellion also can be used in a positive way and keep you from seeking the approval of men. This is the good use I am putting it to."*

"Lord, what's on Your heart and mind and what can I do for You?" "You have been contemplating using military videos to raise the bar. I wholeheartedly approve of this plan. My people have no idea of what they are capable of. You are all operating on an eighth of your potential now in real time. Not anywhere near what it will become. So simple to you in your glorified bodies and you are right. Obedience qualifies you for My greater gifts. In training you, I really wanted to take you from your lowest self to your highest so you would see what is truly possible with each human being I've created. You have no idea what a gift it is to rescue souls, build them up to their potential. Exercising this gift with love is what makes a leader great. I know you are still learning, but get used to it. It will never end. Yes, from glory to glory, through the transforming power of My grace, continually being poured out upon the needy soul who can dream of potential beyond lowly expectations. How wonderful to be able to live your dream, how wonderful to continue growing and learning. This is a very great grace.

All of you in this community have done very well in adapting to My standards, but you have been looking down rather than up at what your potential is. I'm here to tell you the sky is the limit. In other words, there is no limit to what you can become if you set your heart to it. This is why we will now be training with the military that sets its goals far beyond human norm."

Now, I've noticed that in watching the videos, the Navy videos, boy, they really give good examples of things that are beyond a normal person's capacity. *"My angels are well trained in obedience because they know who I Am and they are not the least bit interested in their own ways. They rejoice to have the boundaries of obedience. It is their security to operate within them because they know that if they do, they cannot fail. It is not always easy for them. They do get injured, sometimes even seriously, but they count it their honor to endure suffering for the sake of the Kingdom.*

My dearest, they love you to distraction because of the decisions you have made to lay down your life and follow Me. I want you to get over these false notions that they look down on you. I tell you the truth. They carry the utmost respect in their hearts for you. And I would add to that every believer who has laid down their life for the Lord. What makes the Kingdom of Heaven work is obedience. Angels work in a very strict heavenly hierarchy, or they would never be effective. This is why I am plunging you into military videos. I want you to see what makes things work, the right and the wrong ways, that beings of the highest intelligence rejoice to work within the confines of My will. This is why I am taking you Heart Dwellers, if you are willing to follow. There must be a very well-established order to keep things working as they must. A firm structure on an ironclad foundation. People are not born or raised in that kind of environment. So, before they can do anything for Me, they must abandon the purse of their own opinion and have unshakable trust in their leader." That's when I started to cringe.

He said, *"Don't worry, beloved, you are moving along at a very good pace, but I need you to believe in Me and what I am doing with you. You must grow into that confidence that makes creative leadership work. I love variety. The last thing I want is a rigid, unthinking drone following Me. I look for love to follow Me and the ability to use the creative skills I've endowed every soul with. Right now you are in a loosened community of souls finding your way and the charism of your service. What I am about to do is turn you into a well-oiled machine that does not stray from the right path. So, I am asking you to put your heart, your time, and your soul into allowing Me to form you. I need wet clay. Are you willing to forsake your own thinking and comply with all your heart to Mine, this truly will become boot camp, but remember, you are never required to obey an action that goes against your conscience or the holy scriptures. If you can operate in that climate with a willing and loving heart, then We can do this together. Now it's the end of His message.*

Just out of curiosity I played a few Navy videos and I come away from them feeling so edified and I couldn't figure out why do I feel so edified? Why do I feel so right about what I was watching? And I realized their standard of behavior is very high. Order and behavior is very high. And they put forth a lot of stories about people who rose to the occasion, you know, being shot five times and carrying a wounded soldier. Now, it's obvious that there are some things in the stories that are a little colorful, but I have to say, these are based on events in the military and the whole mood and feeling of it is order, dedication, perseverance and humility. They really stress humility and dealing with people that are proud and difficult. How to work through that is very encouraging. So, I've gotten a lot out of these military videos. They've shown me what is possible with a human being. Instead of just the same old hum drum, here we go, do it again day. This is inspiring. So, I'm going to be posting probably navy videos for you on the channel to watch, because I want you to see what orderliness and obedience, perseverance and humility look like in real life situations that are very difficult. And the Lord is the one

who is leading us in this direction because He wants to raise us up. He doesn't want us to drag along, but to be risen up and fully equipped. And He cannot fully equipped us if we haven't learned humility and obedience and brotherly love. So, you'll notice that I'm posting these videos and I strongly recommend that you listen to them. I think it's going to be a shot in the arm for you to think more about what you're capable of and what you can do that you haven't done.

So, the Lord bless you, my dear Heart Dwellers. Let's continue to dwell in His heart with love, but understand that in heaven everything is ordered and may it be on earth as it is in heaven for those souls that really love Him. Amen.
