Integrating People with the Environment.

CAPABILITY STATEMENT

CORE COMPETENCIES

Sandra Walters Consultants (SWC) is a team of problem solvers and innovators. The firm has provided services in the planning and environmental science disciplines for more than 21 years. Work has included all areas of **ecological and environmental consulting**, **land use** and **public facilities planning and permitting**, including:

- habitat assessments
- compliance monitoring
- planning entitlements
- wetland permitting & mitigation design
- environmental impact statements
- sub-merged land leases

SWC staff is fully trained in utilization of state and federal **habitat and wetland assessment methodologies** and **protected species surveys and evaluations**. We have extensive experience working with agencies to develop project designs that minimize impacts and meet permitting requirements, and bring clients into **compliance with regulatory standards**.

SWC is also very experienced in **land use planning and permitting**, from major studies to **site planning and entitlements**, and is skilled at coordinating communications, including **public information and involvement programs**.
