# Hello There!

Style #180 White Wila Bow Pg.9

# Welcome!

I am Ramona, the owner and designer of ilybean nursery beanies! Each day I look forward to embracing my creativity for fashion and babies to create handmade hospital hats for newborn babies.

After 20 years in the world of fashion design and manufacturing I launched ilybean nursery beanies. In the past 6 years we have grown into a team of creative and dedicated women based in Orlando, FL. As a mom of two girls I know how important quality is to new moms and we strive to make the softest & coziest beanies in the market.

Our business is located in sunny Orlando, FL right next to Universal Studios. All of our items are handmade in the United States.

Thank you for supporting a woman owned and operated small business
