

# What If

Ask me and I will show you how,

The future is bright and it begins with our Young People!!!

**Today we have some of the smartest and creative children that has ever been known to mankind. From science and technology to entertainment and literature, our young people have blazed trails that had not been explored before. Unfortunately we are only scratching the surface of such amazing talent. Our goal and purpose is to ask our young people, What If? Then we let their creative juices flow!!!!**

What IF? Just A.S.K.

**I Want to Improve the Environment**

We are all entitled to have clean air and water. Both are essential to our well being. How we take care of the environment is the corner stone of ensuring that we he have

clean air and water. Just not for ourselves but for the generations to come. Being a good steward and fighting pollution is a civic duty for all us no matter where we live.

**Key Action to improve the Environment**

*Here are some ways that you help improve the Environment:*

- **Reduce Water Usage**
- **Plant Trees**
- **Recycle**
- **Car Pool or use Public Transportation**
- **Ride a Bicycle or Walk**
- **Buy recycled products**

*By understanding the how you can improve the environment, you can now lead the way in helping others.*

**Now You Can.....**

**Just A.S.K.**

1. **A**sk The Question
2. **S**eek The Answer within yourself first and then use your resources
3. **K**now and believe in your abilities

**Now that you have the awareness do the following: talk with someone about improving the environments; help them to understand that our actions are not only for us not but for the future, practice being a good steward of the environment. Your actions can make a difference and have a long lasting impact on our world Please!!**
