

## WAYS TO EARN FREE IMAGES

- Like and follow my page
- Share behind the scenes photos from your session (tag Joy Rose Photography as the location)
- Share your preview photo (click the share button from my post)
- Leave a recommendation on my Facebook page
- Write a review on Google
- Make a photo from your session your profile photo
- Make a (different) photo from your session your cover photo
- Book multiple sessions together (ask for more details)
- Refer new clients (they must book, amount of extra images varies per session type booked)

[www.joyrosephotography.com](http://www.joyrosephotography.com)

\*All may be done by each adult present at the session, except booking multiple sessions and being a referral is per family. I will send a Facebook friend request so I can verify you've completed them. Some are one time (liking my page, Facebook recommendation, Google review) and the others can be done once for every session. The cover/profile photos must be different photos, you may use your preview photo for one, the other (or both) can be earned after you get your final copies back to use, then after using them for either or both Facebook photos you can then pick out 1-2 more photos from your session. Images are only earned after the task is completed.
