Hub Face and Spring measurements are only available in 1/4" increments. More detailed axle information can be found in the product catalog.

Custom Axle Orders Are Non-Refundable. Custom Axles Take 4-6 Weeks In Most Cases. We have seen them take longer in some cases. Please understand that sometimes they will take as long as it takes and we have no control over it. We are not the manufacture and can not control how long they take. We can only provide great prices on the items we offer but sometimes it takes longer than expected.
