BRANDEIS NATIONAL COMMITTEE Phoenix Chapter

2021 * 2022 STUDY GUIDE

Phoenix, Scottsdale, Sun Lakes, Southeast Valley and West Valley

About Brandeis University

Characterized by academic excellence since its founding in 1948, Brandeis is one of the youngest private research universities in the United States, as well as the only nonsectarian Jewish-sponsored college or university. It is regarded as one of the pre-eminent liberal arts and research universities in the country. Brandeis counts among its faculty and alumni a Nobel Laureate, MacArthur Foundation "genius grant" recipients, Pulitzer Prize winners and a number of Emmy Award-winning actors, broadcasters and producers. The university stresses an interdisciplinary approach to knowledge and the solution to real life problems. The campus community remains devoted to the concept of social justice, a legacy inherited from the namesake of the university, U.S. Supreme Court Justice Louis D. Brandeis.

BNC Mission Statement

Brandeis National Committee (BNC) is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. Its membership is connected to the university through fundraising and through activities that reflect the values on which the university was founded: academic excellence, social justice, nonsectarianism and service to the community.

BNC Phoenix Chapter Presidents' Message

On behalf of the Brandeis National Committee's (BNC) Phoenix chapter, we are excited to welcome you to the 2021- 2022 Study Group year, one of a long legacy, offering educational and fun learning opportunities. While the pandemic limited the way we offered study groups this past year, we are excited that we are able to offer both in-person and virtual study groups this fall. As you read through the Study Group Guide, you will see how many terrific and diverse groups are being offered.

Our mission as a BNC chapter is to provide philanthropic support to Brandeis University, a university with a history dating back to 1948 and one that has achieved acclaim

as one of the finest research universities in the country. A great university needs a great library and BNC chapters are instrumental in raising funds to expand the library and digitize the library's unique collections highlighting social injustice. Our current national campaign, "Honoring Our History," strives to provide global availability of these collections, in order to fulfill the University's founding principles of access, inclusivity and tolerance.

Our Phoenix Chapter's study groups complement the University's commitment to excellence. By offering so many diverse virtual groups, our chapter has increased access to outstanding programming for chapter members, wherever they may reside. We are proud to offer this Study Guide, which presents numerous opportunities to expand knowledge, engage in new experiences, connect with other members and have fun! Our study groups are led by talented chapter members who offer their time and expertise to serve as facilitators. We can't thank them enough for their commitment to our mission and the chapter.

We want to give very special thanks to our Study Group Vice Presidents, Stephanie Klopper, Joyce Steinberg and Barbara Stern. These three women, along with a very dedicated Study Group Committee, have worked for many, many hours in order to provide our incredible study group programs.

In order to register you must be a paid-up member of the chapter. We hope you will find many groups of interest to keep you busy and engaged. Wishing you all good health in the year ahead!

Jan Lebovitz and Linda Ullman Co-Presidents, BNC Phoenix Chapter

Dear Members,

We are very excited to share with you the Study Groups in this year's Study Guide. There are lots of new groups for you to try out and we are especially excited to see many of our favorite groups returning from hiatus. As you will see, some of our volunteer facilitators are choosing to have their groups meet online using Zoom, while others are moving to in-person meetings, following strict COVID protocols. You can review those <u>guidelines for in-person meetings</u> on page 7 of the guide.

Since study groups are available only to current members of the Brandeis National Committee (BNC), now is the time to join or renew, which you can do online. See page 5 for detailed instructions for joining or renewing your <u>membership</u>.

The study groups schedule was created to contain as few conflicts as possible. With that said, we are fortunate to have so many groups, which means you will have to make some choices, Please keep in mind that many of our groups fill up quickly, so plan to register as soon as possible. Make sure your email is current with the chapter and watch for the eblast that tells you when you can register. The registration link will not be active on the Study Group page of the <u>BNC</u> <u>Phoenix website</u> until General Registration is opened for everyone at the same time.

We suggest you review the instructions for <u>How to Register</u> on page 6 of the guide in advance, and then make a list of your choices BEFORE going into the BNC online registration application. This will make for a more positive experience.

We encourage you to share this Study Guide with any of your friends who are not yet members of BNC and talk to them about joining. Remember, your study group fees are used to offset the administrative expenses of our local BNC Phoenix Chapter, with any surplus going to the Brandeis University library.

We hope you will take advantage of all that our BNC Phoenix Chapter has to offer for 2021-2022

Your Study Group VPs,

Stephanie Klopper, Joyce Steinberg, and Barbara Stern

to read the author's book in advance but you are, of course, welcome to do so. Books will be available for purchase that day. The authors do not charge us for their appearance, but selling books is how they make their living, so it is always nice for our group to support them.
