

Company Overview

Founded in 2014 by KaSaundra Johnson. New Wave Connect started out its mission by servicing towers in telecommunication reconstruction and rehabilitation construction industry.

We noticed the need for quality administrative services along with Safety Training resources. We then geared our mission towards providing a total package of quality construction management with OSHA standard Safety Quality Control.

Our team provides the following services:

- Administrative Management
- Safety Training and Certification
- Construction Management

2020 Capabilities Statement: New Wave Connect, LLC

Providing Real Time Updates with Qualified Staff and Secured Integrated Systems.

Administration Management

We understand the work is not complete until all paperwork is completed accurately and on time. With our integrated system we have routine quality control methods to be able to provide detailed schedules, timelines, and identify any delays or issues ahead of time. Our Project Manager is then able to provide a solution or resource once that delay is spotted. Therefore, we value our strong administration support team to ensure all work is submitted efficiently with every assignment.

Safety Training and Certification

Current, Evidence-Based, Peer-Reviewed and Accepted

ASHI training programs are recognized, accepted and approved by, or meet the requirements of, nearly 2,400 state regulatory agencies, occupational licensing boards, national associations, commissions and councils in more than 120 occupations and professions.

Construction Management

NWC provide a total overall specialized construction management with qualified staff that are trained in compliance, quality checks and balances, and transparency. We provide a total package approach that includes the following services:

- Organized data collection summaries
- Integrated Project Management weekly updates.
- PowerPoint timeline presentation summary.
- Summary analysis

Qualifications and Certifications

- DBE, Georgia Department of Transportation
- OSHA certified Level 3 Instructor with *American Safety Health Institute*:
