Puppy Mill #25

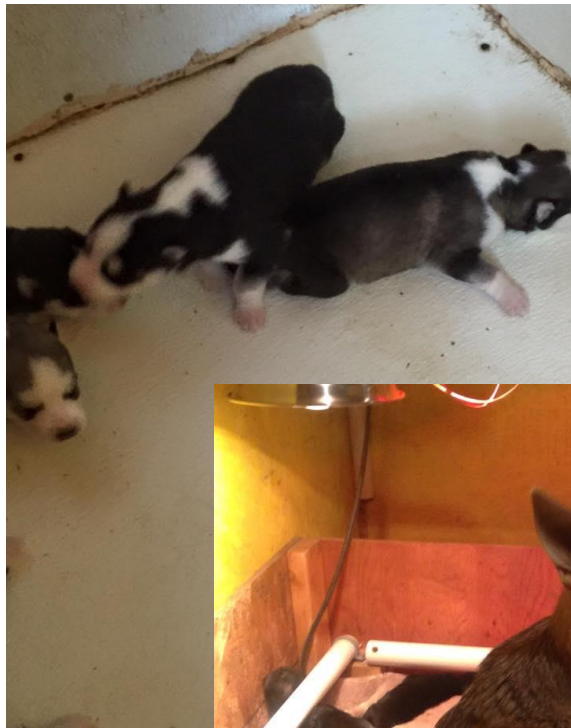

This puppy came from the 25<sup>th</sup> different puppy mill that we  
 They claim to hand pick all the puppies from true  
 Heartland Pets advertised this pup for sale at \$2,399.00. Th  
 customers THINK that they are buying a perfect pup. They aren't. Heartland Pets is  
 making a fortune off of animal cruelty – as the Mom's and Dad's to these pups are stuck  
 in a cruel industry.

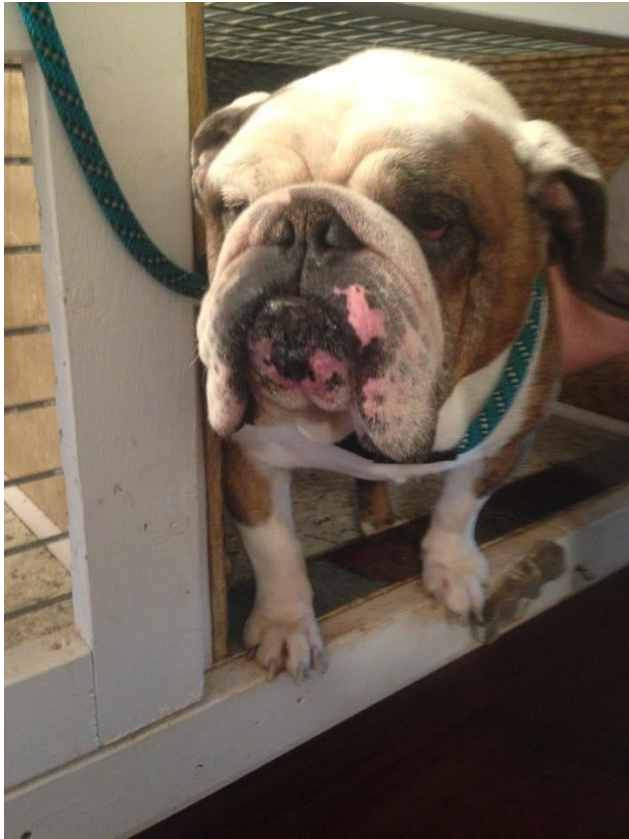

Here are just a few pictures from  
 Heartland's 25<sup>th</sup> puppy mill  
 supplier. Don't believe us? Do the  
 research yourself.

Heartland makes a killing off of cruelty each time a puppy is purchased.

The cost of dogs at Heartland is NOT due to quality!

**Good breeders ONLY breed one type of dog. That is because doing it right takes LOTS of time and LOTS of money, among other things. Heartland's 25<sup>th</sup> puppy miller breeds at least 4 different types of dogs!!**

Here you can see the picture of an enclosure that this dog LIVES in. The cage is barely taller than he is. The wire bottomed cage has only a piece of plywood on the floor for “comfort”.

This image is from a Heartland Pets “breeder!”

THIS DOG is sentenced to an uncomfortable, lonely existence each time a puppy is purchased from Heartland Pets!

Check out the conditions of the room that this puppy is housed in. Do you see the wire cage in the background?
