

When the **BIG ONE** Hits:

1. Check family and home
2. Send out SMC Alert to CERT members with reporting instructions once authorized
 1. Go to pre-assigned staging area
 2. Determine/confirm resource as “Operations Section Leader”
 3. Coordinate as needed the set up “Ops Center” for medical first aid and support
 - > Triage area
 - > Medical treatment area
 4. Ensure ham radio comm. availability
 5. Set up resource Check-In process
 6. Work with logistics: food/water/staffing rotation needs
 - > Food and water requirements
 - > Resource rotation plan
 7. Attend or set up periodic briefing sessions
 - > Coordinate updates from IC briefings
 - > Communications and logistical processes
 8. Once event resolved:
 - > Wind down site
 - Check out all resources (follow up on any not properly checked out)
 - Ensure the return of all equipment to storage
 9. Coordinate Final event debrief
 10. Go home!
