

# Pastor/Sunday School Director Workshop

---

**Saturday, September 24, 2016, Baptist Building, Alexandria, LA**

**Conference Description:** Pastor, Sunday School can be and should be your best friend. When your Sunday School grows, your church will grow. But you already know that. What you need to know is that you and the leaders of your Sunday School need a customized, clear and simple strategy to lead your Sunday School to accomplish all that God is leading you and your church to do.

We can help you with that. We help you to develop a specific strategy, unique to your church, to accomplish your priorities. This outcome based approach to training, equipping and developing a strategy is just what your church needs to accomplish the Great Commission.

The conference will cost each participant **\$25.00 per person**, (this is a cooperative program funded event).
