

Forgive

When someone does something,

Wrong to you,

Being mean is not,

The only thing to do.

Forgive and forget,

That is the way,

They'll help you reach Jannat,

Without a delay.

If you forgive others,

I'll forgive you,

That's what Allah says,

That's what we should do.

Are they really that bad?
Do you hate them that much?
For taking your things,
Or playing your iPod touch

Learn to forgive,
Your family and friends,
You'll see it will benefit,
You in the end.
