Vaportough Enclosures

LIGHTING
PLASTICS

Vaportough unbreakable gasteketed enclosures are constructed from shatterproof, Class-A fire rated polycarbonate. These 4' nominal, two-lamp enclosures are complete and ready to install, with ballast, tray, lamp holders, and mounting hardware included. Just add T8 fluorescent bulbs or compatible T8 LED bulbs. *This is a discontinued model, and quantities are limited. Act now to take advantage of this great deal while supplies last!*

BALLAST

Includes 120v Fulham Ballast

HOUSING, DIFFUSER & LATCHES

High impact, self extinguishing polycarbonate. UV stabilized to prevent yellowing.

GASKET

Silicon, hot-bonded to housing.

TRAY

Heavy duty metal attached to housing with safety wire.

LAMPHOLDERS

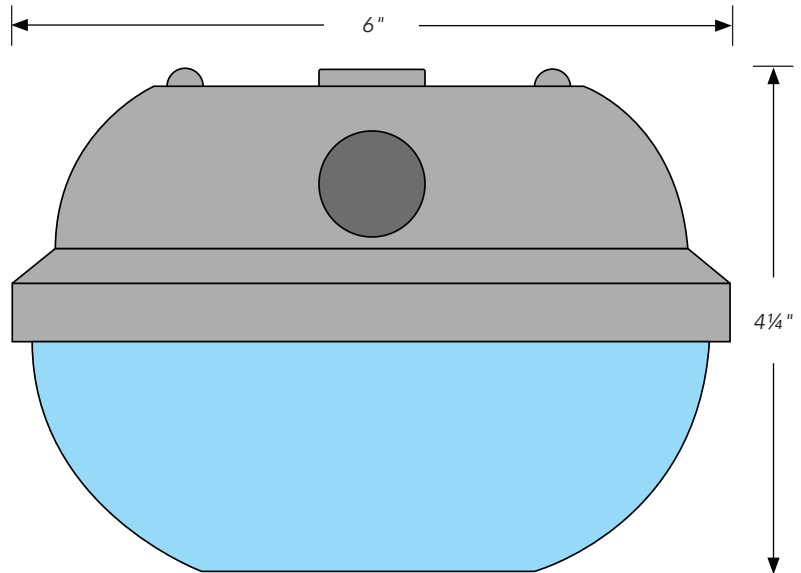

Universal for T8 two-lamp configuration. Compatible with select T8 LED bulbs.

IP 65 RATED UL/cUL

Certified for wet locations.

MOUNTING

Galvanized steel brackets, screws, and clips supplied for surface mounting, or for use with chains and/or hooks.
