SAMPSON COUNTY EXPOSITION CENTER PUBLIC NOTICE #14

DATE: 1 March 2021

On February 24, 2021, Governor Roy Cooper issued Executive Order (EO) 195, lifting the State's Modified Stay At Home Order and easing the COVID-19 restrictions placed on businesses and gatherings. In light of EO 195's new gathering limits, which went into effect at 5:00 p.m. on February 26, 2021, Sampson County Administration has authorized the Sampson County Exposition Center to reopen beginning March 1, 2021.

Sampson County has and will continue to take precautions that, while they may be inconvenient, are intended to promote the health and safety of the County's residents and employees and are based on guidance and direction from federal, state, and local health officials. County officials will continue to closely monitor public health developments, and the County reserves the right to modify or revoke this policy without prior notice in the event that County officials determine that such a course of action is warranted based upon factors such as new COVID-19 case numbers, hospitalizations, deaths, and positivity rates. Sampson County Exposition Center staff will update and advise clients as well as the general public regarding any such developments.

Failure to comply with these restrictions will be grounds for event cancellation, security deposit forfeiture, removal from the facility, and any other remedies available to the County under a client's lease agreement or applicable law.

The Sampson County Exposition Center will only open for public events that are scheduled in accordance with these restrictions. The Exposition Center's Administrative Offices are open daily from 8 am to 5 pm; however, visitors are not allowed inside the building without an appointment. The public may contact Exposition Center staff by calling 910-592-6451, or by email at info@sampsonexpocenter.com. Please note that office hours are subject to change depending on impacts related to the COVID-19 pandemic.

We thank you for your continued patience and understanding. For more information, contact the Sampson County Exposition Center at (910) 592.6451.
