

**Adapt & Overcome**

## **TXTCA is proud to partner with the 6<sup>th</sup> Annual Adapt and Overcome Charity Catfish Tournament**

We will be supporting the event by tagging and releasing all fish over 10 pounds! We will also be offering some bonus prizes for a specific tagged catfish that are weighed in during the event.

**May 3-4 2019**

**April Plaza Marina, Lake Conroe**

**SOME FISH ARE TOO SPECIAL TO ONLY CATCH ONCE**

**HELP US PROTECT TEXAS' TROPHY CATFISH**

The Texas Trophy Catfish Association (TXTCA) was established to improve regulations to protect Trophy Catfish on Texas waters through spreading awareness, educating the fishing community, and encouraging action within the industry and practice of CPR.

**What is CPR?**  
No, it does not require mouth to mouth with a catfish unless you just really love catfish. CPR stands for "Catch Photo Release". This is a method of fishing in which you catch a fish, take a photo, and release the fish back into the water.

**How can I help protect trophy catfish?**

- Join TXTCA & get your official fish tagging kits
- Practice CPR fishing
- Tag your fish with official TXTCA tags and record them on the TXTCA website
- Tell your friends about the benefits of CPR and TXTCA membership

**JOIN  
TXTCA**
