

Hello, ABATE members as I am writing this on November seventh the temp hit seventy one degrees. AT 10 AM it was 57 out and a beautiful sunny morning. It was a good day to ride the road king. I know it won't last much longer but this weather has been awesome. Ok now on to let see oh the Halloween party went great no rain this year. It was cold but not all that bad with the sun out. This was our last bike run of the year and in 2020 the whole season has been dry from spring to fall. And if you happened to have an old Michigan rider back in April you will see how I and a few others put an end to all that rain with a reverse rain dance. Call me crazy I don't care but it worked for all of our bike events and that's what makes me happy is not riding in the rain. Ok back to the Halloween party lots of good food and lots of fun with games and auctions and the large fire pit as always and camping. My beautiful wife Michele won first prize on the best decorated campsite and Eric won 2nd prize on his campsite. Michele had a lot of good competition against her this year. I am glad I am not the judge. There were a lot of good decorative campsites. Now onto the next winners for the one how drove the furthest was Josh and his wife Katie all the way from Traverse City. That kick ass now that is big time devoted ABATE members.

Now on to the best costume same again folks Josh and Katie again. Ok I am going to get off track for a minute. I just have to say all the way from Traverse City WOW. That is cool shit and I talked with Josh for a while and he is a pretty dude.

Now onto the quote of the month handed to me from Crash. It goes like this. People often say that in a democracy; decisions, are made by a majority of the people. Of course, that is not true. Decisions are made by a majority of those who make themselves heard and vote. A very different thing. Walter H. Judd.
