

Dance With Me Studios' goal is to provide a fun and affordable dance program so all children can have an opportunity to dance. As part of our program, children grow into talented dancers as well as learn valuable lifelong lessons. Our focus is not just on teaching dance- we teach all our students to be respectful, responsible, and active members of their community. Our dancers participate in numerous activities in Wayne and Ontario County- including Newark's Halloween party at the Community Center and Tree Lighting ceremony in December.

Performance at the Newark Tree Lighting

Twice a year we provide an opportunity for youth to participate in full semi-professional Ballet productions at the Newark High School, including the annual production of the Nutcracker which is always featured on Finger Lakes TV's Around the Town series.

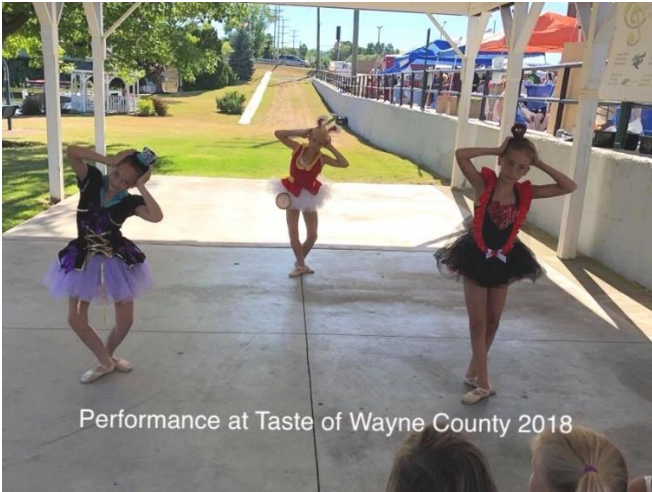

Performance of Beauty and the Beast

All of our classes for the Elementary age are carefully constructed to teach the fundamentals of dance through creative songs, games, and fun activities. Classes features a low student-teacher ratio.

The studio is run by Director Heather Burbridge, former dancer with the Virginia Ballet, certified by the ISTD, National Dance Educators Organization and state representative for the National Dance Foundation. Heather is also a Teacher Assistant at Kelley school and has 3 daughters in the Newark School district.
