

# CREATING A FIRE SAFE COMMUNITY

## ESD 29 AND HARRIS COUNTY FIRE MARSHAL CREATE PARTNERSHIP TO REDUCE FIRE RISK

The goal of the program is to protect the citizens and property in the Champions community through proactive, risk-based fire safety inspections of commercial businesses and public buildings — such as retail stores, restaurants, bars, motels, apartment complexes, warehouses, and industrial facilities — within the community.

Why is this important?

Fire safety inspections help safeguard lives and property from the hazards of fire by detecting hazards and causing their correction.

What can I do to prepare?

Download and review your occupancy inspection checklist on [www.hcfmo.net](http://www.hcfmo.net).
