

MOBILE TESTING FOR COVID-19 AVAILABLE WEDNESDAY IN SHINER; APPOINTMENT NEEDED

The Texas Military Department will have a free mobile COVID-19 drive through testing station set up at Shiner High School, 510 CO RD 348, Shiner, TX 77984, on Wednesday, May 13 from 9 a.m. to 5 p.m.

Starting now, people can call (512) 883-2400 (between 8 a.m. and 5 p.m.), or go to "txcovidtest.org", to be screened and to get an appointment for a time to be tested. Testing will not be provided to people who just drive up to the testing site. Tests are conducted by appointment only.

Anyone with the primary symptoms of the coronavirus, which include fever and dry cough, will be eligible for the test without needing a prescription from a medical professional. A screening process will be in place and administered by State Health Department personnel trained to gather information and assess symptoms which could suggest that a person should be tested for COVID-19.

People who are being tested will stay in their car and be administered the test without leaving their vehicles.

Following the test, Patients will receive a text message with a link to a portal with results and information. Those testing positive will be contacted by their local health department. Clients can also email help@txcovidtest.org to inquire about test results.
