

## Thinking Ambiguously Puzzlers

1.

Cross out five letters from the line of letters below so that the remaining letters, without changing their order, spell a familiar English word.

TFRIVIELCETKTERYS

2.

What is half of 8?

Do you have one good answer for each of the two puzzlers?  
Great! If you think harder, can you come up with other good  
answers? Even better!!
