**INDEPENDENT AUDITORS' REPORT**

To the Mayor and  
Members of Town Council  
Town of Eclectic, Alabama

**Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Eclectic, Alabama as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Town of Eclectic, Alabama's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Town of Eclectic, Alabama, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Eclectic, Alabama, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Eclectic, Alabama's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is

a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Eclectic, Alabama's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Eclectic, Alabama's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Management has omitted management's discussion and analysis that accounting principles in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and pension comparison information on pages 31 – 33 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Net Cash Provided (Used)**

	(11,865.88)
<b>Cash Balances - Beginning of the Year</b>	<u>482,010.67</u>
<b>Cash Balances - End of the Year</b>	<u>\$ 470,144.79</u>

**RECONCILIATION OF OPERATING INCOME TO NET CASH PROVIDED**

**BY OPERATING ACTIVITIES**

Operating income (loss)	\$ (285,692.96)
Adjustments to reconcile operating income to net cash provided	
by operating activities:	
Depreciation expense	193,894.23
Net change in deferred outflows, deferred inflows and net pension liability	3,256.00
Changes in assets and liabilities:	
Accounts receivable	(463.46)
Prepaid expenses	(5,954.71)
Inventory	24,480.21
Accounts and other payables	13,895.93
Compensated absences payable	(10.78)
Due to other funds	-
Meter deposits	(2,695.57)
Net cash provided (used) by operating activities	<u>\$ (59,291.11)</u>

**NONCASH CAPITAL FINANCING ACTIVITIES**

Bellwood Subdivision line extension paid by contractor totaled \$29,387 and recorded as capital contribution. Sewer Expansion Phase I totaling \$328,398.78 was paid using grant funds recorded in the General Fund. The on-behalf payments are recorded as "Transfers In" in the Proprietary Fund.

See accompanying notes to financial statements.

## **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### ***Reporting Entity***

The Town of Eclectic (the Town) was incorporated under the laws of the State of Alabama in 1907 and operates under an elected mayor-council form of government as required by State of Alabama Legislative Act No. 73-618 approved August 28, 1973. The Town provides the following services: public safety (police, emergency medical services and fire), highways and streets, sanitation and utilities (water and sewer), health and social services, public improvements, planning and zoning, recreation and general administrative services.

### ***Government-Wide and Fund Financial Statements***

The basic financial statements consist of the government-wide financial statements and fund financial statements. Both sets of statements distinguish between governmental and business-type activities. Government-wide financial statements are comprised of the statement of net position and the statement of activities and reports information of all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. The exception to this is inter-fund services provided and used which are eliminated in the consolidation process. Governmental activities which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues are classified into three categories: charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to direct recovery from customers for services rendered. Grants and contributions refer to revenues restricted for specific programs whose use may be restricted further to operational or capital items. The general revenues section displays revenue collected that help support all functions of government and contributes to the change in the net position for the fiscal year.

The fund financial statements follow and report additional and detailed information about operations for major funds individually and nonmajor funds in the aggregate for governmental funds. A reconciliation is provided that converts the results of governmental fund accounting to the government-wide presentations.

### ***Measurement Focus, Basis of Accounting, and Financial Statement Presentation***

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year received or when an enforceable legal claim exists, whichever comes first. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period, considered to be sixty days for property taxes and ninety days for all other revenue. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The Town reports the following major governmental funds:

**General Fund** – This is the Town’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Street Fund** – This is a special revenue fund in which the Town accounts for the gasoline taxes received that are restricted to the maintenance and capital improvements of the Town’s streets.

**Municipal Court Fund** – This is a special revenue fund in which the Town accounts for court fines and bonds received.

The Town reports the following major enterprise (proprietary) fund:

**Eclectic Water and Sewer Fund** – Accounts for water and sanitary sewer services provided to the residents of the Town.

Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the Water and Sewer Fund are charges to customers for sales and services. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

### ***Stewardship, Compliance, and Accountability***

An annual budget is adopted for the Town’s General Fund. Under state law, the mayor submits the annual budget to the Council for consideration and approval no later than October 1. Such budget is based on expected expenditures by program and estimated resources by source. The budget is prepared using the modified accrual basis of accounting. Revisions to the budget must be approved by Council. All annual appropriations lapse at fiscal year-end.

### ***Management Estimates and Assumptions***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could vary from estimates used.

### ***Assets, Liabilities, and Equity***

#### **Cash, Cash Equivalents and Investments**

Cash and cash equivalents, for governmental and proprietary funds, are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the Town to invest in obligations of the U.S. Treasury, agencies, and instrumentalities; U.S. dollar denominated deposit accounts and certificates of deposit; pre-funded public obligations as defined by state law; and interests in any common trust fund or other collective investment bank, trust company or savings and loan association.

**Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of inter-fund loans) or “advances to/from other funds” (i.e., the noncurrent portion of the inter-fund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as “internal balances.”

All receivables are shown net of any applicable allowances for uncollectible amounts.

Property taxes are assessed on October 1 and levied on the subsequent October 1 for the fiscal year beginning on the levy date, at which time a lien is attached. These taxes are due and payable on October 1 (levy date) and delinquent after December 31 in each year (except with respect to motor vehicles, which have varying due dates), after which a penalty and interest are required to be charged. If real property taxes are not paid by the June 15 following the due date, a tax sale is required to be held. Revenue is recognized in the year when the taxes are levied and collected. The taxes are collected by the Elmore County tax collector and remitted to the Town.

**Inventories and Prepaid Items**

Inventories are valued at cost using the average cost method. The costs of governmental fund type inventories are recorded as expenditures when consumed rather than when purchased.

Inventories of the proprietary fund are valued at cost using the average cost method. Inventory in the proprietary fund consists of expendable supplies used for future consumption.

Prepaid items reflected in the governmental and proprietary funds relate to insurance premiums paid in the current fiscal year but benefit the subsequent fiscal year.

**Capital Assets**

Capital assets, purchased or constructed are reported at cost or estimated historical cost. In the governmental funds, donated capital assets are recorded at acquisition value at the date of donation in the government-wide financial statements only. Acquisition value is an estimate of a price that would be paid to acquire a similar asset in an orderly market transaction at the acquisition date.

Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life greater than one year. The Town did not report infrastructure acquired prior to October 1, 2003.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the useful lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	30 years
Improvements	20 years
Machinery and equipment	7-20 years
Utility system	50 years
Infrastructure	50 years

### **Compensated Absences**

Effective February 2, 2003, Town employees are credited with 4 hours of annual leave per bi-weekly pay period of service with accumulation capped at 120 hours. Additional leave is credited to employees based on tenure. Employees with 10 continuous years of service up to 15 years earn an additional 2 hours bi-weekly for a total of 6 hours with accumulation capped at 144 hours, and employees with 15 years or more of continuous service earn an additional 2 hours bi-weekly for a total of 8 hours with accumulation capped at 160 hours. Upon separation of employment, unused annual leave is paid to Town employees. The liability for compensated absences attributable to the Town's governmental funds is recorded in the government-wide statements. The amount attributable to the business-type activities is charged to expense with a corresponding liability established in the government-wide statements as well as the applicable business-type funds.

After three months of service, all full-time employees are eligible to accrue sick leave at the rate of 4 hours per bi-weekly pay period of service. Sick leave need not be used within a specified leave year and may be accumulated up to a maximum of 1,456 hours. On November 20, 2023, the Town adopted Resolution 2023-11-002 to align with the provisions of Section 36-26-36 of the Code of Alabama, 1975. Upon retirement, an employee may convert 100% of unused sick leave to retirement service credit or elect a lump sum payout of unused sick leave limited to 50% of balance, not to exceed 90 days of accrued leave. Employees separating from service for any reason other than retirement forfeits unused sick leave.

For governmental activities, compensated absences are generally paid by the General Fund. For business-type activities, compensated absences are generally paid by the Water Works Fund.

### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The Town reports deferred outflow items related to the Town's pension plan which are described further in Note 8.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports deferred inflow items related to the Town's pension plan which are described further in Note 8.

### **Long-Term Obligations**

In the government-wide financial statements and proprietary fund type fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs related to prepaid insurance, are deferred and amortized over the life of the bond using the effective interest method.

Bonds payable are reported net of the applicable bond premium or discounts. Bond issuance costs are expensed at issuance, except for those related to prepaid insurance, which are recorded as prepaids in the Statement of Net Position.

In the fund financial statements, government fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other

financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### **Lease Obligations**

Capital lease obligations are stated at the original fair market value of leased assets capitalized, less payments since the inception of the lease discounted at the implicit rate of interest in the lease. Also, in the year an asset is acquired by capital lease, the expenditure for the asset and the offsetting amount of the financing source are reflected in the fund financial statements in the statement of revenues, expenditures, and changes in fund balances. Capital lease obligations of proprietary funds and governmental activities in the government-wide financial statements and the cost of assets so acquired are reflected in the accounts of those funds and statements.

### **Pensions**

The Employees' Retirement System of Alabama (the Plan or ERS) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to the plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with the requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

### **Net Position/Fund Balances**

Net position is reported on the government-wide financial statements and is required to be classified for accounting and reporting purposes into the following categories:

**Net Investment in Capital Assets** – Capital assets net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvements of those assets plus or minus any deferred outflows of resources and deferred inflows of resources that are attributable to those assets or related debt. Any significant unspent related debt proceeds and any deferred outflows or inflows at year-end related to capital assets are not included in the calculation.

**Restricted** – Constraints imposed on net position by external creditors, grantors, contributors, laws or regulations of other governments, or law through constitutional provision or enabling legislation. At September 30, 2024, \$18,124.60 is restricted for public safety, \$60,409.69 is restricted for public works (street maintenance/sewer improvements) and \$51,165.60 is restricted for court operations.

**Unrestricted** – The net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted portion of net position. Assignments and commitments of unrestricted net position should not be reported on the face of the Statement of Net Position.

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

**Nonspendable** – This classification includes amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

**Restricted** – This classification includes amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

**Committed** – This classification includes amounts that can be used only for specific purposes determined by a formal action of the Town Council. The Town Council is the highest level of decision-making authority for the Town. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Town Council. At September 30, 2024, no portion of fund balance is committed.

**Assigned** – This classification includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Town’s adopted policy, only the Town Council may assign amounts for specific purposes.

**Unassigned** – This classification includes all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Town Council has provided otherwise in its commitment or assignment actions.

### **Recently Implemented Accounting Pronouncements**

GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest costs incurred before the end of a construction period will no longer be capitalized in business-type activities.

## **2. CASH AND INVESTMENTS**

### ***Custodial Credit Risk – Deposits and Investments***

Custodial credit risk is the risk that in the event of a bank failure the Town’s deposit may not be returned to it. The Town has not formally adopted a policy for custodial credit risk, credit risk, or interest rate risk; however, it follows state statutes for investments and restricts deposits to financial institutions that participate in the SAFE Program.

As of September 30, 2024, none of the Town’s bank balance of \$2,853,290.98 was exposed to custodial credit risk. All of the Town’s bank balances are insured by the Federal Deposit Insurance Corporation (FDIC) and the Security for Alabama Funds Enhancement (SAFE) Program. The SAFE Program is a multiple financial collateral pool administered by the State Treasurer according to State of Alabama statute.

As of September 30, 2024, the Town held investments in the Fidelity Treasury Portfolio (III), an open-end money market fund, with a carrying amount and fair value of \$1,661,994.66. The fund invests in U.S. Treasury securities which are reported at fair value, which is based on quoted market prices. Because the funds are structured to

**TOWN OF ECLECTIC, ALABAMA**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2024**

maintain a stable net asset value of \$1.00 per share, the fair value of the Town's position is considered to be the same as the fund shares held at year-end. The money market fund is rated AAAM by the S&P.

**3. RECEIVABLES**

Receivables as of September 30, 2024, for the government's individual major funds are shown in the table below:

	General Fund	Street Fund	Municipal Court	Eclectic Water and Sewer Fund	Total
Taxes	\$ 164,536.27	\$ 3,808.95	\$ -	\$ -	\$ 168,345.22
Accounts Receivable	7,272.97	-	873.00	139,537.73	147,683.70
Interest Receivable	6,679.10	-	-	-	6,679.10
Gross Receivables	178,488.34	3,808.95	873.00	139,537.73	322,708.02
Less Allowance for Uncollectable	-	-	-	9,888.18	9,888.18
Total Receivables	\$ 178,488.34	\$ 3,808.95	\$ 873.00	\$ 129,649.55	\$ 312,819.84

**4. CAPITAL ASSETS**

Capital asset activity for the year ended September 30, 2024, was as follows:

**Primary Government**

	Beginning Balance	Increase	Decrease	Ending Balance
<b>Governmental Activities</b>				
Non-depreciable assets:				
Land	\$ 116,770.90	\$ -	\$ -	\$ 116,770.90
Construction in progress	277,167.57	-	277,167.57	-

Depreciation expense was charged to functions/programs of the primary government as follows:

<b>Governmental activities:</b>	
General government	\$ 5,721.87
Public safety	86,932.82
Public works	21,212.19
Public welfare	38,218.52
Total depreciation expense - governmental activities	<u>\$ 152,085.40</u>
<b>Business-type activities:</b>	<u>\$ 193,894.23</u>

**5. INTERFUND BALANCES**

Interfund transfers and balances are generally used to meet cash demands necessary to pay operating expenditures. Except for amounts due from Enterprise and Internal Service Funds, these amounts should be repaid during the next fiscal year. The composition of interfund balances as of September 30, 2024, is shown below:

**Due to/from other funds:**

Receivable Fund	Payable Fund	Total
General	Municipal Court	1,036.50
General	Street	2,031.60

**TOWN OF ECLECTIC, ALABAMA**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2024**

**6. SHORT-TERM DEBT**

The Town maintains a \$200,000 line of credit to support operations pending collection and receipt of outstanding Town revenue. Interest is paid on outstanding balance at 6.25%. The line of credit matures May 1, 2025. Short-term debt activity for the year ended September 30, 2024, was as follows.

Beginning Balance	\$ 0.00
Issues	0.00
Redemptions	0.00
Ending Balance	<u>\$ 0.00</u>

**7. LONG-TERM DEBT**

Long-term debt activity for the year ended September 30, 2024, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<b>Governmental Activities:</b>					
General obligation bonds	\$ 2,230,000.00	\$ -	\$ 99,000.00	\$ 2,131,000.00	\$ 101,000.00
Notes payable	115,076.69	572,969.16	39,230.02	648,815.83	76,801.07
Compensated absences	21,649.69	8,540.80	-	30,190.49	30,190.49
Governmental activity long-term liabilities	<u>2,366,726.38</u>	<u>581,509.96</u>	<u>138,230.02</u>	<u>2,810,006.32</u>	<u>207,991.56</u>
<b>Business-Type Activities:</b>					
Compensated absences	5,012.50	-	10.78	5,001.72	5,001.72
Business type activity long-term liabilities	<u>5,012.50</u>	<u>-</u>	<u>10.78</u>	<u>5,001.72</u>	<u>5,001.72</u>
Total long-term debt	<u>\$ 2,371,738.88</u>	<u>\$ 581,509.96</u>	<u>\$ 138,240.80</u>	<u>\$ 2,815,008.04</u>	<u>\$ 212,993.28</u>

*General Obligation Bonds*

The Town issues general obligation bonds to provide for the acquisition and construction of major capital projects. General obligation bonds are direct obligations and pledge the full faith and credit of the Town. At September 30, 2024, the Town had one outstanding bond described as follows:

<p><b>\$2,420,000 Series 2021 General Obligation Warrant</b> issued for the purpose of financing the costs of acquisition and installation of certain municipal capital improvements, redeem the warrants of the 2007 General Obligation Refunding Warrant, and to the pay the cost of issuance of the Warrant. Issuance costs totaled \$40,000. \$2,161,287.12 was deposited into an account at PNC Bank that is known as the Acquisition Fund and is controlled by the Town. Interest paid in 2024 totaled \$57,055.74.</p>	<p><b>\$2,131,000.00</b></p>

## 8. PENSION PLAN

### *Plan Description*

The Employee's Retirement System of Alabama (ERS), an agent multiple-employer public employee retirement plan, was established as of October 1, 1945, pursuant to the *Code of Alabama 1975, Title 36, Chapter 27* (Act 515 of the Legislature of 1945). The purpose of the ERS is to provide retirement allowances and other specified benefits for state employees, State Police, and on an elective basis, to all cities, counties, towns, and quasi-public organizations. The responsibility for the general administration and operation of ERS is vested in its Board of Control which consists of 15 trustees. Act 390 of the Legislature of 2021 created two additional representatives to the ERS Board of Control effective October 1, 2021. The Plan is administered by the Retirement Systems of Alabama (RSA). The *Code of Alabama 1975, Title 36, Chapter 27* grants the authority to establish and amend the benefit terms to the ERS Board of Control. The Plan issues a publicly available financial report that can be obtained at [www.rsa-al.gov](http://www.rsa-al.gov).

The ERS Board of Control consists of 15 trustees as follows:

- 1) The Governor, ex officio.
- 2) The State Treasurer, ex officio.
- 3) The State Personnel Director, ex officio.
- 4) The State Director of Finance, ex officio.
- 5) Three vested members of ERS appointed by the Governor for a term of four years, no two of whom are from the same department of state government nor from any department of which an ex officio trustee is the head.
- 6) Eight members of ERS who are elected by members from the same category of ERS for a term of four years as follows:
  - a. Two retired members with one from the ranks of retired state employees and one from the ranks of retired employees of a city, county, or a public agency each of who is an active beneficiary of ERS.
  - b. Two vested active state employees.
  - c. One vested active employee of a participating municipality or city in ERS pursuant to the *Code of Alabama 1975, Section 36-27-6*.
  - d. One vested active employee of a participating county in ERS pursuant to the *Code of Alabama 1975, Section 36-27-6*.
  - e. One vested active employee or retiree of a participating employer in ERS pursuant to the *Code of Alabama 1975, Section 36-27-6*.
  - f. One vested active employee of a participating employer other than a municipality, city or county in ERS pursuant to Code of Alabama 1975, Section 36-27-6.

#### ***Benefits Provided***

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the ERS. Benefits for ERS members vest after 10 years of creditable service. State employees who retire after age 60 (52 for State Police) with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Local employees who retire after age 60 with 10 years of more of creditable service or with 25 or 30 years of service (regardless of age), depending on the particular entity's election, are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of ERS (except State Police) are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service. State Police are allowed 2.875% for each year of State Police service in computing the formula method.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 ERS members are eligible for retirement after age 62 (56 for State Police) with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a formula method. Under the formula method, Tier 2 members of the ERS (except State Police) are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service up to 80% of their average final compensation. State Police are allowed 2.375% for each year of State Police service in computing the formula method.

Members are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits equal to the annual earnable compensation of the member as reported to the Plan for the preceding year ending September 30 are paid to the beneficiary.

Act 132 of the Legislature of 2019 allowed employers who participate in the ERS pursuant to *Code of Alabama, 1975, Section 36-27-6* to provide Tier 1 retirement benefits to Tier 2 members. Tier 2 members of employers adopting Act 2019-132 will contribute 7.5% of earnable compensation for regular employees and 8.5% for firefighters and law enforcement officers. A total of 618 employers adopted Act 2019-132 as of

**TOWN OF ECLECTIC, ALABAMA**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2024**

September 30, 2023. In the January 2020 council meeting, Town Council approved the implementation of Act 2019-132.

Act 316 of the Legislature of 2019 allows employees at the time of retirement to receive a partial lump sum (PLOP) distribution as a single payment not to exceed the sum of 24 months of the maximum monthly retirement allowance the member could receive. This option may be selected in addition to the election of another retirement allowance option at a reduced amount based upon the amount of partial lump sum distribution selected.

The ERS serves approximately 884 local participating employers. The ERS membership includes approximately 113,079 participants. As of September 30, 2023, total ERS membership consisted of:

Retirees and beneficiaries currently receiving benefits	31,481
Terminated employees entitled to but not yet receiving benefits	2,350
Terminated employees not entitled to a benefit	20,556
Active members	58,659
Post-DROP participants who are still in active service	<u>33</u>
Total	<u>113,079</u>

As of September 30, 2023, ERS membership attributed to the Town of Eclectic consisted of:

Retired members or their beneficiaries currently receiving benefits	8
Vested inactive members	0
Non-vested inactive members	3
Active members	20
Post-DROP retired members still in active service	<u>0</u>
Total	<u>31</u>

***Contributions***

Covered members of the ERS contributed 5% of earnable compensation to the ERS as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, covered members of the ERS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the ERS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the ERS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the ERS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 8.5% of earnable compensation. State Police of the ERS contribute 10% of earnable compensation.

Employers participating in the ERS pursuant to *Code of Alabama 1975, Section 36-27-6* were not required by statute to increase covered member contribution rates but were provided the opportunity to do so through Act 2011-676. By adopting Act 2011-676, Tier 1 regular members' contribution rates increased from 5% to 7.5% of earnable compensation and Tier 1 certified law enforcement, correctional officers' and firefighters' member contribution rates increased from 6% to 8.5% of earnable compensation.

Tier 2 covered members of the ERS contribute 6% of earnable compensation to the ERS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 7% of earnable compensation. Tier 2 State Police members of the ERS contribute 10% of earnable compensation. These contribution rates are the same for Tier 2 covered members of ERS local participating employers.

**TOWN OF ECLECTIC, ALABAMA**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2024**

The ERS establishes rates based upon an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with additional amounts to finance any unfunded accrued liability, the pre-retirement death benefit, and administrative expenses of the Plan. For the year ended September 30, 2024, the Town's active employee contribution rate was 5% of covered payroll for Tier 1 employees and 7.50% of covered employee payroll for Tier 2 employees, and the Town's active employee contribution rate for certified law enforcement, correctional officers, and firefighters (FLC) was 6% of covered payroll for Tier 1 FLC and 8.50% of covered payroll for Tier 2 FLC. The Town's average contribution rate to fund the normal and accrued liability costs was 6.58% of pensionable payroll for Tier 1 employees and 4.92% of pensionable payroll for Tier 2 employees.

The Town's contractually required contribution rate for the year ended September 30, 2024, was 6.95% of pensionable pay for Tier 1 employees, and 5.29% of pensionable pay for Tier 2 employees. These required contribution rates are based upon the actuarial valuation dated September 30, 2021, a percent of annual pensionable payroll, and actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the Town were \$59,113 for the year ended September 30, 2024.

***Net Pension Liability***

The Town's net pension liability was measured as of September 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2022, rolled forward to September 30, 2023, using standard roll-forward techniques as shown in the following table:

	Expected	Actual Before Plan Changes	Actual After Plan Changes
(a) TPL as of September 30, 2022	\$2,064,040	\$2,038,900	\$2,038,900
(b) Discount Rate	7.45%	7.45%	7.45%
(c) Entry Age Normal Cost for the period October 1, 2022 – September 30, 2023	83,195	83,195	83,195
(d) Transfers Among Employers:	0	(18,411)	(18,411)
(e) Actual Benefit Payments and Refunds for the period October 1, 2022 – September 30, 2023	(104,975)	(104,975)	(104,975)
(f) TPL as of September 30, 2023 = [ (a) x (1+(b))] + (c) + (d) + [(e) x (1 + .05(b))]	\$2,192,121	\$2,146,697	\$2,146,697
(g) Difference between Expected and Actual:		(\$45,424)	
(h) Less Liability Transferred for Immediate Recognition:		(\$18,411)	
(i) Difference between Expected and Actual Experience (Gain)/Loss		(\$27,013)	
(j) Difference between Actual TPL Before and After Plan Changes – Benefit Change (Gain)/Loss			\$0

**TOWN OF ECLECTIC, ALABAMA**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2024**

*Actuarial Assumptions*

The total pension liability as of September 30, 2023 was determined based on the annual actuarial funding valuation report prepared as of September 30, 2022. The key actuarial assumptions are summarized below:

Inflation	2.50%
Projected Salary increases	3.25%-6.00% for State and Local Employees and 4.00%-7.75% for State Police, including inflation
Investment rate of return*	7.45%, including inflation

\*Includes assumed rate of inflation of 2.00%.

Mortality rates were based on the Pub-2010 Below-Median Tables, projected generationally using the MP-2020 scale, which is adjusted by 66-2/3% beginning with year 2019:

Group	Membership Table	Set Forward (+) Set Back (-)	Adjustment to Rates
Non-FLC Service Retirees	General Healthy Below Median	Male: +2, Female: +2	Male: 90% ages <65, 96% ages >=65, Female: 96% all ages
FLC/State Police Service Retirees	Public Safety Healthy Below Median	Male: +1, Female: none	None
Beneficiaries	Contingent Survivor Below Median	Male: +2, Female: +2	None
Non-FLC Disabled Retirees	General Disability	Male: +7, Female: +3	None
FLC/State Police Disabled Retirees	Public Safety Disability	Male: +7, Female: none	None

The actuarial assumptions used in the actuarial valuation as of September 30, 2021, were based on the results of an actuarial experience study for the period October 1, 2015 – September 30, 2020.

*Intentionally Left Blank*

**TOWN OF ECLECTIC, ALABAMA**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2024**

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return of each major asset class are as follows:

	<b>Target Allocation</b>	<b>Long-Term Expected Rate of Return</b>
Fixed Income	15.00%	2.80%
U.S. Large Stocks	32.00%	8.00%
U.S. Mid Stocks	9.00%	10.00%
U.S. Small Stocks	4.00%	11.00%
International Developed Market Stocks	12.00%	9.50%
International Emerging Market Stocks	3.00%	11.00%
Alternatives	10.00%	9.00%
Real Estate	10.00%	6.50%
Cash Equivalents	5.00%	1.50%
Total	<u>100.00%</u>	

***Discount Rate***

The discount rate used to measure the total pension liability was the long-term rate of return, 7.45%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made in accordance with the funding policy adopted by the ERS Board of Control. Based on those assumptions, components of the

pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

***Intentionally Left Blank***

Balances at September 30, 2023	\$ 2,146,697	\$ 1,628,398	\$ 518,299

***Sensitivity of the Net Pension Liability to Changes in the Discount Rate***

The following table presents the Town’s net pension liability calculated using the discount rate of 7.45% as well as what the Town’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.45%) or one percentage point higher (8.45%) than the current rate:

	<u>1% Decrease (6.45%)</u>	<u>Current Rate (7.45%)</u>	<u>1% Increase (8.45%)</u>
Town’s net pension liability (asset)	\$ <u>798,547</u>	\$ <u>518,299</u>	\$ <u>284,902</u>

***Pension Plan Fiduciary Net Position***

Detailed information about the pension plan’s fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal year ended September 30, 2023. The supporting actuarial information is included in the GASB Statement No. 68 Report for the ERS prepared as of September 30, 2023. The auditor’s report on the Schedule of Changes in Fiduciary Net Position by Employer and accompanying notes detail by employer is also available. The additional financial and actuarial information is available at [www.rsa-al.gov/index.php/employers/financial-reports/gasb-68-reports/](http://www.rsa-al.gov/index.php/employers/financial-reports/gasb-68-reports/).

**TOWN OF ECLECTIC, ALABAMA**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2024**

***Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

For the year ended September 30, 2024, the Town recognized pension expense of \$89,364.98. At September 30, 2024, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions of the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 42,388	\$ 116,348
Changes of assumptions	47,236	0
Net difference between projected and actual earnings on plan investments	67,302	0
Employer contributions subsequent to the measurement date	59,113	0
<b>Total</b>	<b>\$ 216,039</b>	<b>\$ 116,348</b>

\$59,113 reported as deferred outflows of resources related to pensions resulting from Town's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended September 30:	
2025	\$ 14,735
2026	15,867
2027	47,096
2028	(26,244)
2029	(8,738)
Thereafter	(2,138)

**9. RISK MANAGEMENT**

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The Town has purchased general liability insurance through a commercial insurance carrier. Coverage provides up to \$1,000,000 per claim for a maximum total coverage of \$3,000,000. The Town also purchased commercial insurance for other risks of loss, including property and casualty insurance.

The Town has worker's compensation insurance through the Municipal Workers Compensation Fund. Coverage is provided up to \$1,000,000 for each injury by accident or disease.

The Town has employee health coverage through the Local Government Health Insurance Plan (LGHIP) administered by the State's Employees' Health Insurance Board. LGHIP is self-insured health insurance program funded from the premiums of the participating local government units and their subscribers. LGHIP provides group health insurance for employees of local government units, certain organizations, and associations. Monthly premiums are determined by the plan's actuary and are based on past claims experience.

**10. CONTINGENT LIABILITIES**

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal and state government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed

**TOWN OF ECLECTIC, ALABAMA**  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2024

---

by the grantor cannot be determined at the time, although the Town expects such amounts, if any, to be immaterial.

**11. SUBSEQUENT EVENTS**

The Town was awarded 2 grants: sewer expansion and pecan orchard park project. Town match required: \$40,000 for sewer expansion and \$318,000 for the pecan orchard. The recycle center was closed in January 2025.

Management has evaluated subsequent events through January 12, 2026, the date in which the financial statements were available to be issued.

\* Employer's covered payroll during the measurement period is the total covered payroll. For FY 2024, the measurement period is October 1, 2022 - September 30, 2023. GASB issued a statement "Pension Issues" in March 2016 to redefine covered payroll effective FY 2017. Covered payroll is defined as payroll on which contributions to a pension plan are based.

**Notes to Schedule**

Actuarially determined contribution rates are calculated as of September 30, three years prior to the end of the fiscal year in which contributions are reported. Contributions for fiscal year 2024 were based on the September 30, 2021 actuarial valuation.

Methods and assumptions used to determine contribution rates for the period October 1, 2023 to September 30, 2024:

Actuarial cost method	Entry Age
Amortization method	Level percent closed
Remaining amortization period	23 years
Asset valuation method	Five year smoothed market
Actuarial assumptions:	
Inflation	2.50%
Salary increases	3.25 - 6.00%, including inflation
Investment rate of return	7.45%, net of pension plan investment expense, including inflation
