

For all the bitching, nobody has stepped up to be Region 9 R.C.. I guess it still on me to do what I can to move things along.

We were told at the Freedom rally the BoD are being told that our representatives aren't getting input from people in their districts about the insurance discrimination of motorcycles. So don't any of you give a shit that you're being screwed by the insurance industry, or should I say being screwed even more.

I'm going to try to make it easier.

All you have to do if you want to help to fix this injustice is contact your representative and ask them to back H.B.4809,the Insurance fix for motorcyclist, do it now and once we get it through the House we can work on the Senate.

If there are enough people who would like to know why we need this fix I will set up a meeting with Dondi Vesprini to talk to us. Ok, it's up to you.
