

FIRE INVESTIGATION: ORIGIN AND CAUSE COURSE

State Course Number - ATPC 2610

November 16 – 20, 2020 8:30am to 5:00pm

LOCATION

Delray Beach Fire Rescue

501 W. Atlantic Avenue

Delray Beach, FL

COURSE CONTENT

This course is built for the fire investigator to enhance the ability to detect and determine the origin and cause of fires. Topics will include fire methodology, fire science and behavior patterns, building systems, origin and causes of fires, electricity and fires, motor vehicle and marine fires, and wildland fires. We will review case studies on fire investigations and students will conduct a fire investigation and come up with a cause on an actual case.

Course registration can be completed online at

www.reisensafetytraining.com

239-770-7049

P.O. Box 651, Estero, FL 33929

Our courses are interactive which makes learning engaging. This type of instruction is called **“Active Learning”** which increases course content retention for our students.

The instructor for this course is a certified professional fire service instructor who has extensive knowledge and back ground on this subject matter.

- This course is approved by the Florida State Fire College for the following State Exams:
