*'And a Great Sign appeared in Heaven: a Woman clothed in the Sun, with the Moon under her Feet and a Crown of 12 Stars on her Head. She was Pregnant and Crying-Out in the Pain and Agony of giving Birth. Then Another Sign appeared in Heaven: a Huge Red Dragon with 7 Heads, 10 Horns, and 7 Royal Crowns on his Heads. His Tail swept a .33 of the Stars from the Sky, tossing them to the Earth. And the Dragon stood before the Woman who was about to give Birth, ready to devour her Child as soon as she gave Birth. And she gave Birth to a Son, a Male Child, who will Rule all the Nations with an Iron Scepter. And her Child was **Caught-Up** to God and to His Throne. And the Woman fled into the Wilderness, where God had prepared a Place for her to be Nourished for 1,260 Days'. -Revelation 12:1-6*

The purpose of this post is to report that the Revelation 12 Sign Wikipedia.com Page has been apparently Deleted. It has been 'Raptured' as in Taken-Out, off the Internet, Scrubbed, completely. Since one was one of the original Researchers into this Astronomical Phenomenon, one has periodically reviewed the Page over the Years since 2017 when the Wikipedia Page was created. In fact, one was a Contributor but was consistently Censored for attempting to make any Corrections. Why is this an 'Issue' or important to point-out now? The 'Sign' was 'inconsequential'. If so, then why take it down? It has been Year now and perhaps that is why it was pulled?

The point is that if such Pages can be Pulled, anything can. Who and what is Wikipedia anyway? It was once laughed as an 'Unreliable Source' of Information on the Internet. But since its Humble and Noble Inception, the Site has become a Powerful Internet Source. Why is it important? Information is Power. Wikipedia is the 3rd most Popular Website int the World. The vast majority of the Traffic People go to Wikipedia for is to do what is called 'Organic Searches'. This means that the Site is frequently the 1st, 2nd or 3rd Hit that comes back, thanks to its associations with Google's Algorithms. Searches usually have to do with Popular Topics, ranging from People, Places and Events, etc. The issue is that now, Censorship on a Worldwide Scale has been unprecedented.

Censorship has come, thanks to COVID in particular or because of it, some would argue. Is it the Plan? Many are convinced even more so, that it is not a 100% Reliable Source of Truth. One would agree. Case in point is the Scrubbing of the Revelation 12 Sign Information Page. Wikipedia began with its 1st Edit on January 15, 2001. It was 2 Days after the Domain was Registered by its Founders, Jimmy Wales and Larry Sanger. However, they acknowledge that its Technological and Conceptual Underpinnings were not theirs. The earliest known Proposal for an Online Encyclopedia was made by Rick Gates in 1993. The Concept of a Free Online Encyclopedia, that is distinct from an Open Source, was proposed by Richard Stallman in 1998.

Big Brother is Watching Your Posts

Where did 'Wiki' come from? According Wikipedia, a Wiki is a Hypertext Publication Collaboratively Edited and directly Managed by its own Audience. A typical Wiki contains Multiple Pages for the Subjects or Scope of a Project. It is said that it could be either Open to the Public or limited to use within an Organization for maintaining its Internal Knowledge Base. However, one is of the opinion that here lies the Problem with such a Repository of Supposed 'Truth'. The issue becomes 'Dangerous' when 'Truth' becomes Relative, Subjective or Expunged. And who controls the Wiki's or the Posts?

What if a Contributor of Articles and Information is subject to Censorship based on Religion or Politics? For example, take the Revelation 12 Sign. Many attempts to provide a True Context and Timeline based on one's Solid Research since 2008 where constantly deleted. Attempts to contact the Original Creators of the Page were ignored. The following are some examples of how the Rev 12 Page was constantly tampered with and a lot of Misinformation prevailed as to who-what-where-when, etc. One gave-up in attempting to rectify any Erroneous Information pertaining to the Sign. It seems it took a Life of its own and only Certain Information was allowable or Misinformation, etc.

8/24/2017 Entry

'Scottie Clark, although primarily responsible for popularizing the Revelation 12 Sign, isn't actually the one who first noticed the alignment on 9/23/2017. That distinction belongs to Luis ("Lu") Vega, who currently works at Sonoma State University in Rohnert Park, California. Lu maintains a website devoted to Bible prophecy at Postscripts.org. He first noted the alignment in 2008, but studied it privately for a couple of years before the information began to make its way into the public arena in 2011.' (alittlestrength.com)

8/28/2017 Entry

Years later, Greg Lauer posted about the astronomical alignment and references Scott Clarke's reports on his website dated May 2017 that it was actually Lu Vega that discovered the sign since 2008. [6] Also in 2017, Luis ("Lu") B. Vega connected the sign to a "Conception Comet".

9/7/2017 Entry

The Revelation 12 Sign is an apocalyptic belief heralding that the time of Jacob's Trouble—also ... Also in 2017, Luis ("Lu") B. Vega connected the sign to a "Conception Comet".

It appeared that, even from the beginning, there was an 'Agenda' to keep only Certain Information or Perspective about the Sign published. Over the Years, there also appeared to be a growing number of Contributors that came late into the Research yet appeared to be the Authorities on the Subject with only minimal Understanding and Research. According to Wikipedia's own Statement, this is what it is said of itself.

'Wikipedia is a Multilingual Open Online Encyclopedia written and maintained by a Community of Volunteers through Open Collaboration and a Wiki-Based Editing System. Individual Contributors, also called Editors. It is the Largest and Most-Read Reference Work in History'.

Rapture Phobia

Although all that is stated from Wikipedia about Wikipedia is true, Wikipedia has gone the way of Globalist Censorship Agenda in the Age of Deception. Information is not about Posting or Writing about the Truth, but what 'Appears' to be the Truth. Some may argue, 'It is just Wikipedia', it is not the Encyclopedia Britannica'. True. But there is a current Information War that is being waged against what is the Truth. But the issue is 'Reach' and just how many People around the World use Wikipedia for their 'Truth'. Consider that in just 1 Month, there are over 2 Billion Hits to the Site worldwide. That is 2/8 or 25%. of the Total Human Population on Planet Earth.

It is then an issue of, 'He who Controls Wikipedia, Controls the World through Information'. Many in the End Times Watcher Community, centered around the Theme of the Revelation 12 Sign, will not be shocked. But perhaps those Detractors that wished the Sign would have gone away, have now received their Wish and Desire. One has tried to use the Wikipedia Internal Search Engine. All Terms, related to the Revelation 12 Sign come back empty.

Wikipedia does not have an article with this exact name. Please [search for September 23, 2017 Star Sign Prophecy in Wikipedia](#) to check for alternative titles or spellings.

But what is so menacing about Information about the Revelation Sign? Why Censor a 'Has Been' Sign? It is an issue of pushing a Managed Information Agenda. But, presently, Wikipedia has entirely Scrubbed the Revelation 12 Sign Main Landing Page and any subsequent Articles or References, citing 'The Revelations 12 Sign Prophecy'. Apparently, the Site was taken-down sometime in December of 2021, but the actual deletion could have been in 2022. The Reason why one can, at least Cite a 2021 Date is that it is the Last Time the Site was Captured by the Internet Archive Way Back Machine Website. It is a Cataloging Service of the entire Internet that began in 1996. What is odd though, is that the Archive Log since 2017 seems to also be Scrubbed. The only Catalog and Citing of the Wikipedia Webpage capture was in December of 2021. One would ask, why such a Drastic Deletion of the Revelation 12 Sign Prophecy?

It is a Pre-Emptive Action. One suspects because of what the Sign Insinuated. At the core is the Theme of the Rapture. It means, perhaps that the Rapture is that close to occur. And when the People left behind will be asking, 'What Happened'? The Pages in Wikipedia that normally most People now tend to use as a 'go-to' for Information, superficially, are all gone. Why would this Action be taken, if such a Celestial Sign was that Insignificant or Inconsequential? Because it is not. Why the deliberate take-down? The Revelation 12 Sign did have its share of Controversy and none more than in the very Community that professed to be Watchers of the End Times. Or perhaps of those that refused to believe or did not like what the Sign implied, the Rapture, put on Notice. Obviously, the actual Rapture event did not occur on September 23, 2017. Many were led astray in thinking that just because the Sign alluded to a Rapture, and even using the very Word for it, 'Harpazo', many were disappointed and disillusioned that the Rapture did not occur. However, this Astronomical Sign, that appeared to Align itself with the Motifs found in the Book of Revelation 12 woke-up a lot of Sleeping Saints within the whole wide-world Body of Christ.

Is the Rapture that Close?

If anyone is interested in perhaps attempting to Re-Create the Page, good luck. One suspects that any Subsequent Attempts will not be allowed. And this again is a Tell-Tale Sign of just how Powerful the Sign really was and is and will be. This to mean what? Again, that the Rapture, that the Sign alludes to is about to occur.

What better Time than now to 'Pull the Plug' as it has been about so much Information that the Luciferian Globalists does not desire the Masses to have. As mentioned, even all other Sources that linked or mentioned the Revelation 12 Sign have had their Links disengaged. One example is from an excerpt of an Unsealed.org Posting.

Unsealed World News

In September 2016 a number of Major Publications including the [Los Angeles Times](#),^[5] and [AOL News](#)^[6] reported that Unsealed was predicting that the End of the World would occur in August 2017 due to a Solar Eclipse, and the [Revelation 12 Sign Prophecy](#). Unsealed responded to the accusations saying that they "actually believe the World will never End."^[7]^[8]

As one of the Original Researches of the Sign, one has compiled a Personal Webpage of this specific Research that began in 2008. Who am I? One has written more on the subject of the Revelation 12 Sign than most, with over 40 Articles, 60+ Charts and a Book, entitled, The Virgo Sign. All this Information and the Book are free to download and Achieve. It may come in handy to help explain what will happen after the Rapture and how it was tied to the Astronomical Sign that occurred on September 23, 2017.

And for those that wish to attempt in reformulating the Landing Page on Wikipedia, the Following is what has been saved, as of December 2021. It can be a good starting point. There are other Pages Online that have 'Mirrored' the Original Wikipedia Page. But again, having the Pages all Scrubbed, and so deep that they also deleted any Reference Links, is unbelievable. Presently, there is a Mirrored Wikipedia Page of the Revelation 12 Sign. It is from www.everybodywiki.com.

It was last Edited on December 15, 2021. This Date might have coincided with the Take-Down of the Page from Wikipedia as the Link no longer works. The posting in the EverybodyWiki Page has the Last Version just before it was Scrubbed in Wikipedia. Its entirety will be posted here in this Article, 'For the Record' of it. It is not that there are no other Websites Online that feature Information and Research about the Revelation 12 Sign. But the point is that all other Sources and Sites will follow the way of Wikipedia.

But the Page in Wikipedia, as mentioned was the 'Go-To' Page for Millions of People around the World. Although the Sign that occurred, Astronomically on September 23, 2017 has come and gone, it still Echoes the Message of a Rapture. How so? Consider that as the World is spiraling out-of-Control, into an Orchestrated Chaos, it is for the Globalist 'New Order' to emerge. And Key is controlling Information and what gets disseminated. With the Internet and Increasing Access to it, Information has truly Increased, as foretold it would be by the Prophet Daniel. And in so doing, that is in itself a Sign that one is living in the Last Days. And that the Revelation 12 Sign, pointing to a Rapture event will be removing the 'Bride of Christ' from off the Face of the Planet.

The September 23, 2017 star sign prophecy, also referred to as the Revelation 12 sign by adherents is an apocalyptic belief that an astronomical alignment on September 23, 2017 fulfilled the concept known as the Woman of the Apocalypse that appears in the first two verses of Revelation 12. This date coincided with the Autumnal equinox and the end of the Catholic September Ember Days. This theory, promoted by some Christians, starting on YouTube in 2011, and Christian news organizations such as Unsealed World News, proposed that a literal fulfillment of the prophecy made in the Book of Revelation 12:1-2[1] occurred on this date over Jerusalem.

The passage in the Book of Revelation 12:1-3 describes "a woman clothed with sun, with the moon under her feet and a crown of twelve stars on her head. She was pregnant and cried out in pain as she was about to give birth." (NIV).[2] People who hold this theory believe that an astronomical alignment involving the constellations Virgo and Leo, the sun, moon, and planets Mercury, Mars, Venus, and Jupiter that occurred in September 2017 fulfilled this prophecy word-for-word.[3][4][5]

The sign is also known as the Woman of the Apocalypse. Some of the most common Christian interpretations of this passage interpret the woman as Mary or ancient Israel, the man child as the incarnate Jesus and the child (Greek: teknon) being the Body of Christ, and the woman's other offspring as the Church that forms during the tribulation.[2] Revelation 12:6 describes a consequent duration of 1260 days. Proponents of this idea claim that it ended on March 6, 2021.

Overview

On April 7, 2011, William Tapley's channel ThirdEagleBooks published the first video about the alignment entitled "Stellarium" giving the 2017 date of the great sign and explaining how the planetary alignment that year matched the text of Revelation 12 better than a 2011 alignments, which he said three earlier videos from other people had mentioned.[5] A few months later, on July 30, 2011, Scott Clarke from ERF Ministries posted a video on YouTube describing the alignment.

During 2011, Scott Clarke continued to popularize the alignment on YouTube. On December 10, 2012, Unsealed World News suggested that the purported sign might be connected to the rapture of the Church.[6] Also in 2017, Luis B. Vega connected the sign to a "Conception Comet".[7] The Apocalypse of John describes "a woman clothed with the sun, with the moon under her feet and a crown of twelve stars on her head." Proponents of the Revelation 12 Sign say that the woman represents the constellation Virgo and the crown of twelve stars represents the nine stars of the constellation Leo in conjunction with Mercury, Mars, and Venus.

In the computer program Stellarium, Leo has nine stars connected to it.[8] The moon appears to be under the "feet" of the constellation Virgo in September 2017 and the sun will be passing through the constellation, which proponents interpret as the woman being "clothed with the sun".[4] The second verse of the twelfth chapter of John's Apocalypse goes on to say that the woman "was pregnant and cried out in pain as she was about to give birth."

Some people suggest this will be fulfilled because the planet Jupiter will be traversing the constellation after having undergone apparent retrograde motion after entering what they perceive to be Virgo's "womb" around November 20, 2016.[9] Jupiter exits the lower part of the "womb" 42 weeks later, which is the approximate length of a human gestation (normal gestation periods lasting from 37 to 42 weeks). It was also discovered that the apparent retrograde of Jupiter in the womb of Virgo was preceded by C/2017 E1 (Comet Borisov) which is being called the Conception Comet.

This comet traveled from the loins of the constellation Leo to the womb of the constellation Virgo on November 17, 2016,[9] just before the entrance of Jupiter into the womb. Some proponents of the Revelation 12 Sign are suggesting that this comet represented the divine insemination of the woman, which subsequently produced the male child (Jupiter). This will be the comet's only trip through our solar system as it is not a solar orbital. The complete astronomical alignment occurred on September 23, 2017, over Jerusalem.[3][4]

The Revelation 12 Sign may have coincided with the High Holy Day of Rosh Hashanah on the Jewish calendar, which is also called the Feast of Trumpets. The Feast of Trumpets is the first of the Fall Feasts and its timing is traditionally based on the visibility of the new moon,[10] which in 2017 began on the evening of September 20 and ended on the evening of the 22nd .[11] Rosh Hashanah is the Jewish New Year celebration, in this case marking the end of the year 5777 (sometimes abbreviated to the significant number 777) and the beginning of 5778.

Interpretations of Revelation 12 vary, but the general consensus of those who promoted this theory was that the September 2017 alignment was the Great Sign which is described in this passage of Scripture: that the woman represents the nation of Israel, which they believe is about to enter into a multi-year period of Tribulation, and the male child represents the global Church, which might be raptured to Heaven before the Tribulation period begins according to Revelation 12:5.[12]

Many proponents say that in order for people to escape before this impending judgment on the world and be "raptured", they must accept that the Christian Messiah Jesus Christ died for their sins, rose again, and is the only means of being reconciled to God. These views are shared by all of the major proponents of the Revelation 12 Sign Prophecy.[4][3][13][14][15] See Brenda Weltner on YouTube for further teaching regarding the Revelation 12 sign as the start of Daniel's final week, the last 7 years prior to the return of Christ to rule the world. The 23rd September 2017 was also the date of the 'Filial Correction' of Pope Francis.[16]

Media Attention and Criticism

The theory has received media attention including from The Washington Post,[3] and The Boston Globe,[17]

An AT&T original documentary, The Sign, explored the intersections of science, religion, and history behind the debate over the astronomical event and Revelation 12. It aired on Audience on September 14, 2017.[18]

Critics include Answers in Genesis author Dr. Danny Faulkner,[19] Christian author Joel Richardson,[20] Jan Markell from Olive Tree Ministries,[21] Christian bible prophecy author Craig C. White,[22] Christian blogger and author Tim McHyde.[23] and The Catholic Astronomer.[24]

A number of critics have offered rebuttals of the purported sign. Some make arguments based on astronomy, such as that the astronomical event is not unique or is only astrology. Examples of rebuttals include Faulkner's statement that "Jupiter appears in the part of Virgo corresponding to her womb, along with the sun in Virgo and the moon at her feet for a day or two every 12 years or so",[25]

Many of these critics also criticize the idea on a theological grounds. Examples include Craig C. White's statement that "the Apostle John says that 'there appeared a great wonder in heaven'. He doesn't say 'there will be a great wonder in heaven'. He doesn't tell us to 'look for a great wonder in heaven'." [22]

Tim McHyde directed his criticism towards a video by Scott Clarke. He wrote: "Clarke's theory, like all invented prophecy theories, depends on taking a verse out of its context and re-purposing it to serve some new theory. When you ignore the context of a verse, you are set up to misinterpret it. That's how you turn a solid reliable Bible prophecy into an unreliable quasi-biblical man-made prophecy interpretation." [23]

Unsealed World News responded to criticisms by simply reiterating their belief.[26][27][28]

Christopher M. Graney on EarthSky criticized the alignment, arguing that it has happened 4 times in the last thousand years.[29]
