SPECIAL THANKS

This is the first play that I have directed and I would like to sincerely thank everyone who has helped me through this process. I will be forever grateful for the support I have received from the Gaslight Theatre community. I am blessed to have a talented cast and crew and it is a pleasure working with each of them; many thanks to Josh and Elaine for all their help building the sets and keeping me organized. Hugs to my family, especially my husband John, for helping me and coming to build things when needed. I greatly appreciate Toni for the artwork used in advertisements and bulletin boards, Rhonda for keeping me on track when things needed to be done and turned in, and all the volunteers it takes to make these shows a success... Thank you. Last but not least, our patrons!! Without all of you, who buy tickets and come see the show we would be nothing. Thank you!!
